

**13 November 2024**

To Natural Resources Wales, Marine Licencing

Ref: ORML2429T

Dear Mr Morrison,

Mona Offshore Wind Limited (the 'Applicant') thanks NRW for its feedback in its letter dated 9 September 2024, the Applicant has provided a response to the points raised in the documentation submitted on 13 November 2024.

Included in the documentation submitted is the Guide to the NRW Marine Licence Application (A2 F03) which provides an overview of all of the documents included in this submission and lists new documents and updated versions of previously submitted documents.

The key documents of note are the Responses to NRW MLT Submissions (S\_NRWML\_2) and Responses to NRW (A) Submissions (S\_NRWML\_3) and Response to Other Consultees Submission (S\_NRWML\_4).

Where supporting information is necessary, this has been submitted alongside the responses to relevant consultees. These include some documents which have been updated since the initial standalone NRW Marine Licence application. Where these documents have been updated tracked versions, showing the changes made between the original version submitted at the initial standalone NRW Marine Licence application and the clean version submitted here, have also been provided. Some of these documents (for example the Marine Licence Principles document (J10 F04)) have, in the interim between the initial standalone NRW Marine Licence application and now, had other revisions submitted into the Development Consent Order (DCO) process running concurrently with this standalone NRW Marine Licence application. Therefore, some document references are F01\_F02 where no other revisions have been submitted elsewhere, but some are F01\_F03 or F01\_F04.

The Applicant would be happy to talk through any of the submissions or documents. We look forward to hearing from you.

Your faithfully,

*Paul Carter*
