Dear Consultee,

MARINE AND COASTAL ACCESS ACT 2009: PART 4 MARINE LICENSING

Llŷr 1 Floating Offshore Wind Project

The Natural Resources Wales Permitting Service (NRW PS) has received an application from Llŷr Floating Wind Limited, for a Marine Licence under Part 4 of the Marine and Coastal Access Act 2009, to undertake the above stated works.

A copy of the application and supporting information is attached for your review.

I would be grateful for any views that you may have regarding the significance of these works taking into account the:

- protection of the environment,
- protection of human health,
- prevention of interference with other legitimate uses of the sea,
- protection of the local biodiversity,
- minimisation of noise and nuisance,
- potential impacts on navigation, such as obstruction or endangerment,
- need for any special lighting or markings,
- potential impacts on marine archaeology interests or sites.

Please assess the application over a calendar year to highlight any potential seasonal issues that could arise as a result of the proposal.

In accordance with our responsibilities under national and European legislation, your advice should also take into account the following provisions:

Marine Works (Environmental Impact Assessment) Regulations 2007 (as amended)

To comply with the requirements of the Marine Works (Environmental Impact Assessment) Regulations 2007 (as amended), the NRW PS is consulting the bodies whom it considers have an interest in the project by reason of their environmental responsibilities, in order that we can determine whether the proposed works constitute a “relevant project” as described within Schedule A1 or A2 of The Regulations.

From our preliminary review of the documents, we consider that the proposed works fall within Schedule A1, under paragraph 21 of the above regulations and the applicant has produced an Environmental Statement as required by the regulation, which can be found on the online Public Register searching for the case number ORML2465.

21. Installations for the harnessing of wind power for energy production (wind farms).

Conservation of Habitats and Species Regulations 2017 – Regulation 63

The site of the proposed work lies within or adjacent to the boundary of an area designated as a European site of conservation importance under the provisions of the Conservation of Habitats and Species Regulations 2017.

All sites screened into the HRA are detailed within ‘*Table 8D-27. Summary of European Sites screened into the AA*’ of the ‘*ORML2465 - App 08D Llŷr ES - HRA Screening*’.

I have consulted our internal statutory nature consultee for their views on whether the proposed work, alone or in combination with other projects, is likely to have a significant effect on the sites and/or on any European protected species and if an Appropriate Assessment of the implications for the sites and/or species having regard to their conservation objectives is necessary.

Wildlife and Countryside Act 1981, as amended by the Countryside and Rights of Way Act 2000

Under the Wildlife and Countryside Act 1981, Statutory Authorities are required to give notice to the Natural Resources Body for Wales (hereafter “Natural Resources Wales”) of operations likely to damage any of the flora, fauna or geological or physiographical features by reason of which a site of special scientific interest (SSSI) is of special interest.

The proposal is within or has a potential pathway to the following SSSIs:

- Broomhill Burrows SSSI
- Milford Haven Waterway SSSI
- Angle Peninsula Coast SSSI
- Gweunydd Somerton Meadows SSSI
- Castlemartin Range SSSI
- Castlemartin Corse SSSI
- Orielson Stable Block and Cellars SSSI
- Scoveston Fort SSSI
- Stackpole SSSI
- Stackpole Courtyard Flats and Walled Garden SSSI
- Park House Outbuildings, Stackpole SSSI

As such notice has been given to Natural Resources Wales.

Biodiversity Duty under the Environment (Wales) Act 2016

Under section 6 of the Environment (Wales) Act 2016 (‘the 2016 Act’), a public authority in Wales must seek to maintain and enhance biodiversity in the exercise of its functions in

relation to Wales, and in so doing promote the resilience of ecosystems, so far as consistent with the proper exercise of those functions.

In complying with the duty under section 6 of the 2016 Act, a public authority must take account of the resilience of ecosystems, in particular—

- (a) diversity between and within ecosystems;
- (b) the connections between and within ecosystems;
- (c) the scale of ecosystems;
- (d) the condition of ecosystems (including their structure and functioning);
- (e) the adaptability of ecosystems.

If you consider the proposed works will impact upon ecosystem(s), please advise NRW as to:

- the ecosystem(s) that you consider would be affected;
- how you consider that the ecosystem(s) would be affected; and,
- mitigation measures that would avoid adverse impacts to the ecosystem(s) identified.

In complying with the duty under section 6 of the 2016 Act, a public authority must also have regard to any list of the living organisms and types of habitat which in their opinion are of principal importance for the purpose of maintaining and enhancing biodiversity in relation to Wales published by the Welsh Ministers under section 7 of the 2016 Act. The Welsh Ministers have published interim lists of habitats and species, for the purposes of section 7 of the 2016 Act, which are available from the Biodiversity Wales Partnership: <https://www.biodiversitywales.org.uk/Environment-Wales-Bill>

If you consider the proposed works will impact upon listed species and / or habitat(s) listed under the 2016 Act, please advise NRW as to:

- any species and / or habitat listed under section 7 of the 2016 Act that you consider would be affected; and,
- mitigation measures that would avoid adverse impacts to the species and / or habitats identified.

Consultation Response Due

A response to this consultation letter is usually required within **42 days**, however due to the consultation running over the new year and Christmas period an **additional 2 weeks** has been added, therefore please respond by **22 January 2025**, for any comments you may have.

Please send your response electronically where possible at joseph.thomas@naturalresourceswales.gov.uk

Public Register

I would advise you that any information you provide in relation to the application is liable to be made available through our Public Register unless you specifically request otherwise.

Enquires

Should you wish to discuss any aspect of this application please do not hesitate to contact me quoting reference number: **ORML2465**

Thank you for your assistance.

Yours faithfully,

Joe Thomas
