

FOUL AREA
The area within the pecked limits off Railway Quay (52°00'7N, 4°59'0W) is heavily fouled by hauling-off wires and associated concrete clumps.

HIGH SPEED CRAFT
High speed craft operate in the area of this plan. Mariners are advised to maintain a good lookout. Some high speed craft may generate large waves, which can have a serious impact on small craft and their moorings close to the shoreline and on shallow off-lying banks. For further details, see Annual Notice to Mariners No 23.

FISHGUARD BAY

SCALE 1:15000

Magnetic Variation: 4°55'W 2002 (9°E)
