Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

**You are non-compliant with your permit.**

**At this time, we are issuing you with a warning for the non-compliance recorded above. Warnings may influence future enforcement response for continued or further non-compliance.**

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

### 4. Details of our assessment

A routine effluent sample collected from Blaenporth Sewage Treatment Works (STW) on

15 October 2024 was found to contain 89.9mg/l BOD when the permitted limit is 40mg/l. As the BOD is over double the permitted loading, a category 2 non-compliance has been recorded above. A category 2 non-compliance represents a non-compliance which could have a significant environmental effect.

In response to the above non-compliance, NRW ask CCC to investigate and explain why this exceedance has taken place and what measures will be put in place at Blaenporth STW to prevent further exceedance by no later than 07 January 2025. If this deadline is unable to be met, CCC are advised to contact NRW at the earliest opportunity.
