Mae'r Neges hon Gan Anfonwr Allanol / This Message Is From an External Sender

Daeth y neges hon o'r tu allan i'ch sefydliad / This message came from outside your organization.

Good afternoon Daniel

Our website has full information on marine licensing in Wales; including how to apply, required supporting information, the application forms and fees involved. Please follow this link [Natural Resources Wales / Marine licensing](#). Information on how to apply for a Band 2 marine licence can also be found [here](#).

Additionally, we are able to offer bespoke pre-application advice; however, a call such as this would meet our threshold for charging which is at a rate of £120 per hour. Further information on this can be found [here](#). If you would like to proceed with this, then please provide an overview of the information/clarifications you are seeking along with your invoicing details by return email. We will then be able to set up the call.

Kind regards,

Marine Licensing

[Croesewir gohebiaeth yn Gymraeg a byddwn yn ymateb yn Gymraeg, heb i hynny arwain at oedi.](#)

Correspondence in Welsh is welcomed, and we will respond in Welsh without it leading to a delay.

Hi Stephen,

Sorry to chase, I was just wondering if I could get a quick call for yourself or someone in the team to understand the band 2 requirements.

01492 575115

Thanks

Hi Stephen,

Would it be possible for you to give me a call on 01492 575115 to discuss a couple of queries?

Thanks

Thanks Daniel,

The SLA for a Band 2 licence is currently 4 months although I wouldn't expect an application for a project such as yours to take that long. All of the details are available on our [website](#).

Kind regards,
Stephen

Hi Stephen,

Thanks for the confirmation, what is the timescale for a Band 2 licence?

Thanks

Thank you Daniel,

Improvements to a Sea Wall is not included within the criteria for a [low-risk activity](#). I would advise applying for a Band 2 licence to cover the full extent of the improvements to the 700m length of Sea Wall at Llanfairfechan.

Kind regards,
Stephen

Hi,

We are currently undertaking a design to rise the existing seawall in Llanfairfechan, see draft design below:

The sea wall will be increasing by approximately 400mm over the 700m stretch (this will be confirmed with the flood model).

Can you confirm which band of marine licence will be applicable?

We envisage that scaffolding or similar will be needed for the seaward side, which would be a band 1.

Any issues please let me know.

Thanks
