

## Compliance Assessment Report CAR\_NRW0045661

**Permit being assessed:** CG0113902

For: CSO and EO at Abergwyngregyn, held by DWR CYMRU CYFYNGEDIG

At: Nr Station House, Abergwyngregyn, Llanfairfechan, Gwynedd, LL33 0LB.

**Type of assessment carried out:** Report/Data Review, Reason: Routine.

On 14/11/2024.

Parts of permit assessed: 3.1.2

**NRW Lead Officer:** Euryrn Roberts.

**Report sent to:** CARS mailbox, CARS mailbox, on 15/11/2024.

### 1. Summary of our findings (full details in section 4)

Part of permitted activity assessed (criteria)	Assessment result	Permit condition
WQ-C1 - Water Quality - Emissions and monitoring - Emissions to water	Assessed (A)	

Result types are explained in more detail in the 'Important Information' section below.

### 2. What action is required?

No action required.

### 3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

**At this time, we do not intend to take any further action.**

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

### 4. Details of our assessment

Thank you for submitting the Spill Reduction Plan in response to CAR\_NRW0045449 and CAR\_NRW0045451, although it was late arriving. (It was received on the 14th of November, hence why the 14th is used as the compliance date).

Condition 3.1.2(d) of the permit requires:

"submit a plan with timeframes to resolve the reason/s for the Trigger Exceedance identified in 3.1.2(c) for approval by Natural Resources Wales;"

By submitting the Spill Reduction Plan, the above has been complied with and appears an appropriate way forwards.

We note that the timeframe is down as "AMP8". It would be better if this specified the year in which the work would be done.

We look forwards to seeing the remedial work done and note permit condition 3.1.2(e): "the operator shall implement the plan as approved in condition 3.1.2(d)."

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

## Important information

### Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

### Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property

### If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend non-compliance for up to six months to allow time for remedial action to be taken. These will be re-instated if the action is not completed.
