**Application reference:** PAN-026085

**Date:** 14<sup>th</sup> June 2024

Dear Ms Powell

**Acknowledging your application**

**Operator:** CELSA Manufacturing UK Ltd

**Facility:** Tremorfa Melt Shop

Thank you for your application received 13<sup>th</sup> June 2024

The Regulated Industry Permitting team has received a high volume of permit applications in recent months which has negatively affected our ability to process applications in accordance with our published service level standards. There will be delays before your application can be assessed for completeness and duly made. The current estimate is approximately 6 to 12 months.

We are implementing measures to resolve this issue as quickly as possible. Thank you for your patience and co-operation whilst we experience these delays.

Our determination process will assess all relevant material relating to your application and a decision cannot be reached until that process is completed. For certain applications we also undertake technical and public consultations. Once we have completed our determination, we will then decide whether we can permit/licence what you have applied for. If we refuse your application, we'll explain why.

Once your application is allocated, we will check if all relevant application forms, supporting documents and fees have been supplied. We will contact you to let you know if anything is missing, or to confirm if we can start technical determination of your application. We will then do everything we can to determine your application(s) within the statutory timescales.

If you should wish to discuss anything in respect of this application, please contact the Permitting Team Leader via her e-mail address [Holly.Noble@cyfoethnaturiolcymru.gov.uk](mailto:Holly.Noble@cyfoethnaturiolcymru.gov.uk).

Yours sincerely,
