3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

You are non-compliant with your permit.

At this time, we are issuing you with a warning for the non-compliance recorded above. Warnings may influence future enforcement response for continued or further non-compliance.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

Natural Resources Wales Officer Shaun Rees attended Henllan Caravan Park on the 31 January 2025 at 12:20pm to carry out an inspection of the site in relation to your EPR permit.

Non-Compliances (recorded in summary) Actions to be addressed –

4.3.4 – Notification of a change in name

During the visit, the responsible person on site, confirmed that the name on the permit was still in the previous owners trading name. Please ensure that the process to vary the permit to update the operator name to the current site owners is completed by **14 May 2025**

3.1.2 – Emissions to water, air or land

During the visit, the responsible person on site, stated that all flows originally discharged to outlet 3 (max daily flow 9.4m³/day) were now re-directed to outlet 2. I now have concerns that the maximum daily flows condition for outlet 2 (4m³/day) will have been breached. Please provide details on how the site plan to ensure that the daily flows will not be exceeded by the **14 May 2025**.

2.4.1 – Improvement programme

During the visit, the responsible person on site confirmed that the improvement programme to construct and commission a new infiltration system to replace the three original drainage fields had not been completed, due to a change of ownership of the site. Please ensure this is completed by the **14 May 2025**.

Advisory

During the visit, outlet 1 on the permit was inspected and was found to be in need of a maintenance/service check, please provide NRW with confirmation that this has been completed by the **14 March 2025**.

For info - Maximum daily flows for each outlet as per current permit

Outlet 1 – 4.7m³/day

Outlet 2 – 4m³/day

Outlet 3 – 9.4m³/day

Outlet 4 – 4.6m³/day

Thank you for your time during the visit.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property

If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend non-compliance for up to six months to allow time for remedial action to be taken. These will be re-instated if the action is not completed.
