Result types are explained in more detail in the 'Important Information' section below.

### 2. What action is required?

No action required.

### 3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

**At this time, we do not intend to take any further action.**

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

### 4. Details of our assessment

This Compliance Assessment Reports relates to a site inspection of Frederick Place Pumping Station on the 16<sup>th</sup> January 2025. The weather was dry during our visit and it had been dry on the days preceding the inspection.

The descriptive permit for Frederick Place PS allows for a discharge in an Emergency only as defined in the permit conditions. There is no permit in place to discharge storm sewage.

The PS is a wet well with emergency overflow. We were unable to locate the overflow outlet during the inspection. The flows are foul only and were low during the inspection. We observed the telemetry in place within the wet well. The wet well contained a small amount of sewage debris

during the inspection.

We observed two pumps at the PS, you told us that they were duty/ assist and operated as duty/ standby. You confirmed that they were alarmed.

You told us that the storage for the PS is within the wet well, although there is no requirement for storage within the current permit conditions.

The permitted discharge point for the Emergency Overflow is to a tributary of the Crymlyn Brook. We inspected the outfall and found it to be clear with no evidence of a recent discharge.

During the inspection we confirmed that there is tanker access available and maintained at the PS if required.

You also told us that the PS would be on an annual maintenance schedule and would be visited if the alarms were triggered.

During this inspection, we did not identify any non-compliances.

Thank you.

## Important information

### Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

### Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property

### If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend non-compliance for up to six months to allow time for remedial action to be taken. These will be re-instated if the action is not completed.
