Notes:

Whilst every reasonable effort has been taken to correctly record the pipe material of DCWW assets, there is a possibility that in some cases, pipe material (other than Asbestos Cement (AC) or Pitch Fibre (PF)) may be found to be asbestos cement (AC) or Pitch Fibre (PF). It is therefore advisable that the possible presence of AC or PF pipes be anticipated and considered as part of any risk assessment prior to excavation

Dŵr Cymru Cyfyngedig (the Company) gives this information as to the position of its underground apparatus by way of general guidance only and to the best understanding that it is based on the best information available and to the best of its knowledge. The onus of locating apparatus before carrying out any excavations rests entirely on you. The information which is supplied by the Company is given as an indication only and is not intended to be a guarantee of the position of the apparatus. It is recommended that a competent person should be consulted in the event of excavations or other works made in the vicinity of the Company's apparatus. The Company is not responsible for any damage to the apparatus or to the property of others caused by any excavation or other works made in the vicinity of the Company's apparatus. It is recommended that a competent person should be consulted in the event of excavations or other works made in the vicinity of the Company's apparatus. It is recommended that a competent person should be consulted in the event of excavations or other works made in the vicinity of the Company's apparatus.

Service pipes are not generally shown but their presence should be anticipated.

EXACT LOCATIONS OF ALL APPARATUS TO BE DETERMINED ON SITE.
