Brief description of licence variation that is required.

(Identify licence condition numbers and reference the supporting documents within your current licence which are likely to be affected)

The seabed license we have from The Crown Estate has more detail describing the specific infrastructure being used on our sea farms and they have requested we update our Marine License with NRW to reflect this. Therefore, we are seeking to amend the following section of the current marine license: 2.1 Project - Table 1 - Activity 1- Deposition of plastic buoys and ropes- Quantities/Dimensions, to read as follows:

At each of Carn Ar Wig & Porthlysgi:
2 x 100m suspended longlines (headlines)
1 x ship anchor at each end of the headlines, attached to end buoys via ground chain and risers
Headlines will be attached via the risers below the end buoys
30 x mussel floats per site split between each line

The current license runs out on 31/07/2025 and so we are also looking to extend this for 1 year to last until 31/07/2026.
