Reset duration of the self destruct clause to extend to January 2028 - there have considerable difficulty with securing finance since the removal of the Feed in Tariff subsidy. Negotiations with Welsh Government for a capital grant are ongoing and dependent on securing a export price which can support a loan from the Welsh Development Bank. Over the past couple of months we have been working with the Welsh Government Energy Service and Ynni Cymru with Urbanchain to establish a pilot Green Energy Pool which would enable the scheme to be financed. In river works restrictions mean it is too late to commence construction in 2025 - build in 2026 would lead to abstraction commencing in 2027.
