Dear Mr Heard

We need more information about your application

**Application reference: PAN-026655 (EPR/BV5858IW/V005)
Operator: Abril Industrial Waxes Limited
Facility: Abril Industrial Waxes, Sturmi Way, Village Farm Industrial Estate, Pyle,
Bridgend, CF33 6BZ**

Thank you for your application received on 15/08/2024.

I need to ask you for some more information before I can do any more work on it. Please would you provide:

- An overview of the new production line, including a flow diagram of the new process
Reason: The non-technical summary and main report gave reference the additional raw material and the emission point associated with the additional production line but did not provide an overview of the new production line. We require a brief summary of the new production line.
- Include any possible odour emissions (channelled or fugitive) and any action/mitigation in the environmental risk assessment.
- Confirm what standards the bunds (used for containment) are built to (for example CIRIA 736).

If you need advice about how to complete the form, please contact your local area office. Call 0300 065 3000 and ask to speak to your local area office or your site officer.

Please reply within 10 working days from the date of this letter. If we don't hear from you we must return your application and fee. We will keep 14% of the charge to cover the cost of the assessment work done.

If you email or write to us please quote the application reference PAN-026655 (EPR/BV5858IW/V005) on any correspondence and send it to the relevant address below.
