Marine Licence number: CML2512

Introductory note

This introductory note does not form a part of the marine licence

The main features of the marine licence are as follows.

The existing rock revetment (SA1 upper Tawe/ near Barrage) is not sufficiently robust, does not extend up to the required crest level and needs cover over part of the existing vertical rock wall which has, in places, failed. The existing rock revetment comprises small compacted rock and will be covered with a rock armour revetment that will be stable and porous.

The status log of the marine licence sets out the marine licence history, including any subsequent marine licence variation(s)
