Dear Sir/Madam,

Penrhos Substation Environmental Review – Data Request

We would like to submit an information request regarding the identification of a variety of environmental data in the vicinity of the proposed Onshore Cable Corridor for Penrhos Substation located at NGR SH 26590 80942. Please see the included map detailing the study area in question:

We are interested in any of the following features located within/nearby the red line boundary:

- Any licensed water abstractions including licence number and holder, National Grid Reference, abstraction type, purpose and season, fully licensed quantities, and recent actual abstractions.
- Details of any consented discharges.
- Any data regarding the national water monitoring network including locations of monitoring boreholes, their design and targeted aquifer unit.
- Any historic or authorised landfills.
- Environmental pollution incidents.

OUR REF: 794-ENV-GDE-21696 AE

- Industrial waste sites
- Sites with current exemption.

Please feel free to contact me if you have any questions about our data request.

Yours sincerely,
for RPS Consulting Services Ltd
