You are non-compliant with your permit.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

NRW Officers Cathrine Kiely and Nathan Owen conducted a site inspection of the permit.

The discharge was entering the watercourse through a pipe which had been previously bunged off. The bung was seen in the watercourse and there was sewage fungus and grey

discolouration present in the watercourse.

DCWW were notified through the POLFAX process and DCWW pollution technician attended to replace the bung ensuring the discharge was made to soakaway only as specified by the permit.

NRW have scored this non-compliance as CCS3 and issue a warning letter via the CAR form.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.
