How we use the non-compliance score to calculate your annual fee is explained in the 'Important Information' section below.

2. What action is required?

No action required.

3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

At this time, we do not intend to take any further action.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

Lamby Way HWRC Site Inspection (EPR-EP3995FL) – 20/03/2025

Apprentice Daniel Hopkin, Waste Regulation Officer Gareth Morris and Senior Waste Regulation Officer Craig Coleman attended the permitted facility of, Lamby Way, Cardiff County Council, Rumney, Cardiff, CF3 2HP on the 20th of March 2025 to undertake a routine site inspection.

Cardiff Council hold a tier 3 bespoke permit of multiple waste facilities at this location. The purpose of the inspection was to assess the site compliance with the conditions of the environmental permit EPR/EP3995FL for the household waste recycling centre, which are limited to hazardous and non-hazardous wastes from householders only.

The weather was warm and dry with little wind for the duration of the inspection.

We were met by the site operator, who showed us around and answered our questions.

Site Inspection

There were no breaches recorded during this inspection.

Overall, the site is well run and organised.

All waste(s) were well designated and easily identifiable. Waste was clearly and correctly separated into their own storage containers and areas with clear signage. There were no overlapping bays.

At the time of the inspection the surface of the site was in good condition with no visible damage present to the impermeable surface or sealed drainage.

Thank you for taking the time to show us around during the inspection.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm of the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description	Score
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property	60
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property	31
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property	4
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property	0.1

How we use assessment scores

The number and severity of non-compliances recorded in a year will affect your annual subsistence fee the following year. A non-compliance factor is added to your site's Operator

Performance Risk Appraisal (OPRA) score when we calculate your fee to reflect the additional resource we use to assess permit compliance.

If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend scores for up to six months to allow time for remedial action to be taken. Suspended scores will be re-instated if the action is not completed.
