

Compliance Assessment Report CAR_NRW0048298

Permit being assessed: AW1003301

For: Llangammarch Wells Wastewater Treatment Works, held by DWR CYMRU CYFYNGEDIG

At: Track past Irfon House, Llangammarch Wells, Powys, LD4 4EB.

Type of assessment carried out: Report/Data Review, Reason: Routine.

On 31/12/2024.

Parts of permit assessed: Monitoring, Reporting & notification conditions

NRW Lead Officer: Robert Harding.

Report sent to: CARS Mailbox, CARS Mailbox, on 14/05/2025.

1. Summary of our findings (full details in section 4)

Part of permitted activity assessed (criteria)	Assessment result	Permit condition
WQ-C1 - Water Quality - Emissions and monitoring - Emissions to water	C4 No impact	3.3.4 Accessible monitoring points shall be provided and maintained to enable the emissions monitoring programme and the environmental or other monitoring to be carried out at the monitoring points specified in table S3.4 of schedule 3 and shown marked on the site plan in schedule 7.

Result types are explained in more detail in the 'Important Information' section below.

2. What action is required?

Criteria	Action needed	Complete by
WQ-C1	Improve infrastructure to ensure an accessible and representative sample point is available, as required by permit condition 3.3.4 (Completed)	Already completed

Action criteria codes are listed in the 'Important information' section below.

3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

At this time, we do not intend to take any further action.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

The non-compliance listed above was identified during our annual 2024 data audit. This audit assessed Dŵr Cymru Welsh Water's compliance at all their sewage treatment works and water treatment works with Operator Self-Monitoring (OSM) conditions.).

**** Non-Compliance *****

3.3.4- An accessible sample point was not available for the sampling visits on 09/01 and 15/01. This is a breach of permit condition 3.3.4 which states the following.

"3.3.4- Accessible monitoring points shall be provided and maintained to enable the emissions monitoring programme and the environmental or other monitoring to be carried out at the monitoring points specified in table S3.4 of schedule 3 and shown marked on the site plan in schedule 7."

This has been assigned a category 4 noncompliance as there was likely no likely impact to the receiving environment, as there has been no sampling shortfall identified as a result of this noncompliance. It is noted the sample point has since been installed as required and was in place for the sample collection on 09/02/2024.

Please note: this CAR is dated 31/12/24 as these non-compliances relate to annual 2024 data, however for clarity I carried out the compliance assessment on 14th May 2025 .

Please take the action required in this report as formal Advice and Guidance.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property

If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend non-compliance for up to six months to allow time for remedial action to be taken. These will be re-instated if the action is not completed.
