You are non-compliant with your permit.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

On 04-09-2024 at 16:30 we were notified of a discharge made from Sawmills Yard CSO, Llandeilo as a result of a blockage caused by silt and stones.

Permit BN0194104 states that the discharge shall only occur when and only for as long as

the flow passed forward is equal to or greater than the overflow setting indicated **due to rainfall and/or snow melt**.

As this discharge was caused by a blockage of the screen it was not made in accordance with the permit. Our response to this is to issue this compliance assessment report, which constitutes a warning.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.
