Date: 07 July 2025

Dear Adam Pharaoh,

MARINE AND COASTAL ACCESS ACT 2009: PART 4 – MARINE LICENSING

LICENCE FOR **Mona Offshore Wind Limited to perform Mona Landfall
Geotechnical Survey**

LICENCE NUMBER: **RML2516**

I am writing to advise you that the Marine Licensing Team, on behalf of the Welsh Ministers, as Licensing Authority, has considered your application, dated **18 February 2025** for a Marine Licence under Part 4 of the Marine and Coastal Access Act 2009, and hereby grant a Marine Licence for you to undertake the above stated works.

Accordingly, please find attached for your review and retention a copy of Marine Licence **RML2516** and its conditions.

Advisory Note

Marine Licence, **RML2516**, constitutes a statutory consent; therefore, the conditions set out herein must be complied with in full and will be binding upon any agent or contractor who undertakes any activity on the project on your behalf.

You are urged to read the conditions of Marine Licence **RML2516** carefully, in particular the need to advise Welsh Government Marine Enforcement Officers of the commencement of works within **10 days** prior to work starting.

Marine Licence, **RML2516** is solely granted for the work to be undertaken at the Mona Landfall Survey Area; however, it does not absolve you from applying for further consents or licences as necessary to enable the full completion of your project.

The Crown Estate is affected by the proposed works and landowner's consent is required. You will need to liaise with the Managing Agent for the area: Colin Brereton of Jones Peckover on **01745 812127**, cdb@jonespeckover.com regarding landowner's consent for the proposed activity.

As Holyhead is a known hot-spot for *Didemnum vexillum*, there is a potential risk pathway for transmission of larvae should Holyhead be used as a base of operations for these proposed activities. We advise that, if Holyhead port is used, then the Biosecurity Risk Assessment and Management Plan take this into account, and any vessels used during

these works liaise with the Port Authorities and NRW Advisory to avoid those areas of the port where D.vexillum has been recorded during berthing to minimise the risk of further spread.

If the works authorised by this Licence are unlikely to be completed by the expiry date, the Licence Holder should apply for a replacement marine licence **at least 4 months** prior to the expiry date of this Licence.

Should you require clarification as to the reasons for the inclusion of any of the conditions attached to the Licence then you must request written notice within 28 days of the receipt of this letter.

Rights of appeal

You have the right of appeal to the Welsh Ministers against this decision. The Appeal must be made in accordance with the Marine Licensing (Appeals Against Licensing Decisions) (Wales) Regulations 2011.

A notice of appeal must be received by the Welsh Ministers within six months beginning with the date of the decision to which the appeal relates.

You must send written notice of appeal including the documents listed below to the Welsh Ministers at the following address:
