WR-E1 - Water Abstraction - Fish and Eel passage - Infrastructure specified by licence	C3 Minor	4.6operate and maintain the fish pass

Result types are explained in more detail in the 'Important Information' section below.

2. What action is required?

Criteria	Action needed	Complete by
WR-E1	maintenance work required on the fish pass	30/06/2025

Action criteria codes are listed in the 'Important Information' section below.

3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution or civil sanctions being imposed depending on the circumstances of the offence.

At this time, we do not intend to take any further action.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

NRW officer Ffion Jones attended Grafog Farm to inspect the hydropower scheme on the 20th May 2025. Please see below actions and guidance following this inspection.

1) Please undertake maintenance work on the fish passage as per condition 4.6 of your permit. Please ensure that water pools are provided for fish to pass upstream. Please ensure this work is undertaken by 30th June 2025.

WA/056/0036/004 licence to impound

4.6 The Licence Holder shall construct, operate and maintain the fish pass in accordance with the plans and specifications specified in condition 3.1 so as to ensure compliance with this licence.

Photograph 1: Please remove material from below the fish pass to create a plunge pool to aid fish passage.

Photograph 2: Please create a deep plunge pool below the rock ramp, particularly beneath the flow of water. Additionally, ensure that there is gradual steps created with stones for fish passage within the main channel of water. Some work needs to be done on the rock ramp in this photograph to contain water upstream and create a deeper pool to aid fish passage.

2) Please be aware that both the licence to abstract and impound (WA/056/0036/001 & WA/056/0036/004) expires on the 31st March 2026. Please visit [Natural Resources Wales / Register or renew your waste exemptions](#)

Please send evidence of completed actions to environmentteam.southpowys@cyfoethnaturiolcymru.gov.uk and/or ffion.a.jones@cyfoethnaturiolcymru.gov.uk by the required dates.

Please note, this CAR form is in accordance with WA//056/0036/001

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your licence is issued to you under the Water Resources Act 1991 as amended by the Water Act 2003. You have a responsibility to comply with the conditions of your licence and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property

If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend non-compliance for up to six months to allow time for remedial action to be taken. These will be re-instated if the action is not completed.
