Reason: Routine.

On: 25/06/2025 between 10:15 and 11:00.

Parts of permit assessed: Various.

NRW Lead Officer: Carla Curtis, accompanied by Mark O'Gorman.

Report sent to: Karl Martin, Branch Manager, on 04/07/2025.

1. Summary of our findings (full details in section 4)

Part of permitted activity assessed (compliance criteria)	Assessment result	Permit condition
W1A - Waste - Management - General management	Assessed (A)	
W2A - Waste - Operations - Permitted activities	Assessed (A)	
W2D - Waste - Operations - The site	Assessed (A)	
W2E - Waste - Operations - Waste acceptance	Assessed (A)	
W3C - Waste - Emissions and monitoring - Odour	Assessed (A)	
W3F - Waste - Emissions and monitoring - Pests	Assessed (A)	
W4B - Waste - Information - Reporting	Assessed (A)	

Result types are explained in more detail in the 'Important Information' section below.

Total non-compliances recorded	Total non-compliance score
0	0

How we use the non-compliance score to calculate your annual fee is explained in the 'Important Information' section below.

2. What action is required?

No action required.

3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

At this time, we do not intend to take any further action.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

This compliance report details the site inspection conducted by Natural Resources Wales (NRW) Officers on 25 June 2025 at: Unit 334, Woodside Ways, Springvale Industrial Estate, Cwmbran, Gwent, NP44 5BR. EPR- RP3195FP.

Waste Regulation Officers Carla CURTIS and Mark O’GORMAN attended site for an unannounced site inspection at 10:15 and met with Mr. Karl MARTIN (Branch Manager). The weather conditions were warm and overcast.

GENERAL OBSERVATIONS – This site operates under a Household, Commercial and Industrial Waste Transfer station.

SITE INFRASTRUCTURE - The general housekeeping on the site good with no litter or loose debris located on the floor, Infrastructure was in good condition with no evidence of damage and with no issues identified.

SITE SECURITY - Site security was not an issue due to a wall and fencing located all around the property, Mr Karl Martin mentioned that the wall has previously been repaired due to it being knocked down by a lorry.

Photo 1 – Showing repaired wall.

Photo 2 – Rentokil bins stored outside.**Photo 3 – Bins waiting to be collected (daily basis)**

SITE OBSERVATIONS - Inside warehouse (ground floor) Mr. MARTIN accompanied officers through the warehouse where officers were shown the medical room services area. All wastes were stored in secure, sealed containers. All sealed skips/containers were sited on an impermeable surface which appeared to be in good condition with no signs of damage or cracking. In this area vehicles reverse into the building via roller doors and clinical wastes which arrive in bags or other non-rigid containers are transferred into rigid containers immediately. Spill kits were available and appeared to be readily stocked with spare containers, absorbent granules, dustpan and brush and appropriate personal protective equipment (PPE). All containers used to store liquids with the potential to cause pollution to land or water are served by a bund. Outside the warehouse officers were shown the bin storage area for the offensive hygiene wastes.

Officers did not detect any signs of odour emanating from the site activities at the time of inspection.

TECHNICAL COMPETENCY - The site TCM (Technically Competent Manager) is Mr. Karl MARTIN whose WAMITAB certificate expires 5 December 2026.

WASTE RETURN SUBMISSIONS - These are up to date and correct. The total quantity of waste accepted at this site must not exceed 5,000 tonnes per year. Based on the submitted waste return data for the last four quarters of 2024/2025, the total waste accepted was 1,459.00 tonnes which is within the site's annual threshold.

PERMIT COMPLIANCE AND BREACHES - No permit non-compliances were identified on this visit and thus no breaches have been scored.

If you have any issues with this report, please contact Carla Curtis on carla.curtis@naturalresourceswales.gov.uk Thank you.

In this document 'Natural Resources Wales' means the Natural Resource Body for Wales established by Article 3 of the Natural Resources Body for Wales (Establishment) Order 2012

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm of the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description	Score
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property	60
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property	31
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property	4
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property	0.1

How we use assessment scores

The number and severity of non-compliances recorded in a year will affect your annual subsistence fee the following year. A non-compliance factor is added to your site's Operator

Performance Risk Appraisal (OPRA) score when we calculate your fee to reflect the additional resource we use to assess permit compliance.

If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend scores for up to six months to allow time for remedial action to be taken. Suspended scores will be re-instated if the action is not completed.

Full list of Waste compliance criteria (used in section 1 and 2):

1. Management

- W1A – General management
- W1B – Energy Efficiency (MCP/SG facilities only)
- W1C – Avoidance, recovery and disposal of wastes produced by the activities

2. Operations

- W2A – Permitted activities
- W2B – Waste recovery plan
- W2C – Operating techniques
- W2D – The site
- W2E – Waste acceptance
- W2F – Technical requirements
- W2G – Improvement programme
- W2H – Pre-operational conditions

3. Emission and Monitoring

- W3A – Emissions to water, air or land
- W3B – Emissions of substances not controlled by emission limits
- W3C – Odour
- W3D – Noise and vibration
- W3E – Monitoring
- W3F – Pests
- W3G – Fire

4. Information

- W4A – Records
- W4B – Reporting
- W4C – Notification

Enforcement response

Any non-compliance with a permit condition is an offence and we may take legal action against you. Action we take can include prosecution, serving a notice on you and/or suspension or revocation of your permit. See our Enforcement and Sanctions Guidance for further information.

Data protection notice

You should make sure that anyone named in this report knows that the information it contains will be processed by Natural Resources Wales to fulfil its regulatory and monitoring functions and to maintain the relevant public register(s).

We may also use and/or disclose the report in connection with:

- offering or providing you with our literature or services relating to environmental matters
- consulting with the public, public bodies and other organisations (e.g. Health and Safety Executive, local authorities) on environmental issues
- carrying out statistical analysis, research and development on environmental issues
- providing public register information to enquirers
- investigating possible breaches of environmental law
- assessing customer service satisfaction and improving our service
- Freedom of Information Act or Environmental Information Regulations requests.

We may also pass it on to our agents or representatives to do these things on our behalf.

Disclosure of information – this report will be available to view on-line

If you think this report contains commercially confidential information that should not be placed on our public register, you must contact your local Natural Resources Wales office within **fifteen working days** of receiving this report, using the contact details in the accompanying email or letter. You must give a full explanation of why it should not be added to our public register, including specifying which information is commercially confidential. We will assess your request and respond to you within twenty working days to let you know if we agree to your request.

What do I do if I disagree with the report or have a complaint?

If you disagree with this compliance assessment report, you should contact the lead officer without delay to discuss your concerns.

If you are unable to resolve the issue with the lead officer or their line manager you should contact our Customer Contact team on 0300 065 3000 (Monday to Friday 08:00 to 18:00), or email enquiries@naturalresourceswales.gov.uk for details of how to raise your dispute further through our Complaints and Commendations procedure.

If you are dissatisfied with our response, you can contact the Public Services Ombudsman for Wales by phone on 0300 7900203 or by email at ask@ombudsman.wales

Welsh Language Standards

We are committed to establishing Natural Resources Wales as a naturally bilingual organisation. We will provide compliance reports in your preferred language.
