

Schedule 5 to the permit - Notification

These pages outline the information that the operator must provide.

Units of measurement used in information supplied under Part A and B requirements shall be appropriate to the circumstances of the emission. Where appropriate, a comparison should be made of actual emissions and authorised emission limits.

(a) If any information is considered commercially confidential, it should be separated from non-confidential information, supplied on a separate sheet and accompanied by an application for commercial confidentiality under the provisions of the EP Regulations.

Part A

Permit Number	EPR/BV4223
Name of operator	Huntsman Corporation UK Limited
Location of Facility	Llanelli Plant
Time and date of the detection	Q2 2025

(a) Notification requirements for any malfunction, breakdown or failure of equipment or techniques, accident, or emission of a substance not controlled by an emission limit which has caused, is causing or may cause significant pollution

To be notified within 24 hours of detection	
---	--

Date and time of the event	N/a
Reference or description of the location of the event	N/a
Description of where any release into the environment took place	N/a
Substances(s) potentially released	N/a
Best estimate of the quantity or rate of release of substances	N/a
Measures taken, or intended to be taken, to stop any emission	N/a
Description of the failure or accident.	N/a

(b) Notification requirements for the breach of a limit
--

To be notified within 24 hours of detection unless otherwise specified below	
--	--

Emission point reference/ source	N/a
Parameter(s)	N/a
Limit	N/a
Measured value and uncertainty	N/a
Date and time of monitoring	N/a
Measures taken, or intended to be taken, to stop the emission	N/a

Time periods for notification following detection of a breach of a limit	
Parameter	Notification period

(c) Notification requirements for the detection of any significant adverse environmental effect	
To be notified within 24 hours of detection	
Description of where the effect on the environment was detected	N/a
Substances(s) detected	N/a
Concentrations of substances detected	N/a
Date of monitoring/sampling	N/a

Part B - to be submitted as soon as practicable

Any more accurate information on the matters for notification under Part A.	This notification is in relation to not submitting the biannual monitoring of A1 returns by the deadline date due to the dioxin/PCB sample was lost by the third party lab who our Emissions Monitoring contractor use.
Measures taken, or intended to be taken, to prevent a recurrence of the incident	As soon as the site was notified that the dioxin/PCB sample was lost, 25/07/2025, a revisit was arranged for retesting the week after, 29/07/2025. The initial monitoring was arranged in sufficient time for the reports to be returned and for the site to complete the A1 returns.
Measures taken, or intended to be taken, to rectify, limit or prevent any pollution of the environment which has been or may be caused by the emission	As above. W1 returns are complete, as requested by our on site Regulator, the site will submit the A1 and W1 returns the same time.
The dates of any unauthorised emissions from the facility in the preceding 24 months.	None

Name*	Joshua King
Post	EHS Manager
Signature	J King
Date	25/07/2025
