4. Details of our assessment

I (Environment Officer Gavin Dodd) arrived on Hafod Road, Ebbw Vale on Monday 30th June 2025

at 10:00 to conduct an inspection regarding a licence to impound water (Permit Number WA/056/0033/008). LGV director Steve Sharp was also in attendance.

The water to be impounded was the Nant yr Hafod which was accessed from the road. The grid reference for the impoundment was accurate to that described in the permit.

The manner and extent of the impoundment consisted of a concrete weir, intake screen, gravity fed pen stock and spear valve and intake; these structures were all built in accordance with the specifications and drawings in the permit. The Nant yr Hafod did not have a depleted flow upstream or downstream of the weir. No abstraction was taking place during the visit.
