Dear Company Secretary and/or Director

Transfer of permit

Permit reference: EPR/DB3392ZP

Operator: Llay Power Limited

Facility: Llay Power Plant, Llay Hall Farm, Llay, Wrexham, LL12 0PD

Our determination of your application for a full transfer is complete. We're satisfied that you will be the person who will operate the facility and you will comply with the requirements of the permit. I confirm that the transfer of the environmental permit from Biogas Technology Limited to you will take effect from 02/09/2025.

I enclose a transfer notice which shows the legal details of the transfer. Please keep this in a safe place with your environmental permit. The permit should have been passed to you by the previous operator during the handover of the property or business. If you don't have a copy of the permit you must contact your local office to get one. Telephone our Customer Service Centre on 0300 065 3000 and they will put you in touch with an area officer.

You will also need to look at the document 'How to comply with your environmental permit' as this will help you understand how to meet the conditions of the permit. You can find this on our website: [Natural Resources Wales / Guidance to help you comply with your environmental permit](#)

If you don't have internet access our Customer Service Centre can help you find the information you need.

If you wish to keep your records at a site other than that of the facility, you will need to tell your local area officer within 20 working days of receiving this letter. If you do not hear back from them within a further 20 working days please take this to mean we have agreed your record keeping location.

If you have any questions about billing please contact our finance department. Phone our Customer Service Centre on 0300 065 3000 and ask to be transferred to our Welsh finance team.
