Water Resources LICENCE TO

ABSTRACT

WATER

Environment Act 1995
Water Resources Act 1991 as amended
by the Water Act 2003
Water Resources (Abstraction and
Impounding) Regulations 2006
Natural Resources Body for Wales (Functions)
Order 2012

IMPORTANT NOTES

Need for safekeeping

This licence is an important document. The permission or right to abstract water may be valuable to your landholding. So -

- **Keep the licence safe, preferably with your deeds etc.**
- **Take careful note of the comments below about “transfer and apportionment” and “death and bankruptcy”.**

This is to ensure that the permission and any rights granted by the licence continue if you need to pass it on to someone else.

If you want to:

- **revoke (cancel) the licence;**
- **vary (change/amend) the licence in any way or**
- **change your contact address (but you continue to hold the licence).**

Please write to us at your local Natural Resources Wales office.

Details of this licence are placed on a register, kept by Natural Resources Wales and open for inspection by the public. The public may also obtain further details about it by virtue of the Environmental Information Regulations 2004 (see also Disclosure of Information) except in special cases (for advice please contact us at the address shown on the front page of the licence).

Transfer and apportionment

If you need to pass this licence or any part of it to someone else, you must contact Natural Resources Wales and obtain the appropriate application forms. Temporary licences cannot be transferred or apportioned. The licence holder remains responsible for compliance with the terms of the licence and any charges payable until the licence has been transferred or apportioned.

Death or bankruptcy of the licence holder

If a licence has been ‘vested’ in you, as a result of the death or bankruptcy of the licence holder, please contact Natural Resources Wales in writing, telling us the licence number(s) and the date that the licence vested in you as a personal representative or trustee of the licence holder. This is necessary in order to enable you to subsequently transfer the licence.

‘Vesting’ is the transfer of responsibility and ownership of a licence when an existing licence holder is no longer able to hold the licence either through death or bankruptcy.

You do not have to complete a form, but you must notify us in writing within 15 months of the date of vesting, giving the full names of all personal representatives or trustees and a contact address.

Time limits

Your licence may be subject to a time limit (stated on the front of your licence). All new abstraction licences are legally required to include a time limit. For variations to licences, time limits are added in accordance with our policy.

The duration of a time limit is determined in accordance with our time limiting policy. The time limit is linked to the next or subsequent review of water resources within a Catchment Abstraction Management Strategy (CAMS).

There will be a presumption of renewal providing three tests are met: environmental sustainability is not in question; there is continued justification of need; and water is being used efficiently. Any application for renewal will still be subject to the normal statutory considerations.

If your licence is time limited and you wish to renew it when it expires, you will need to apply for a new licence to replace the existing one. You are advised to submit this application at least three months before it expires. To allow you to give early consideration to this, we will send you a reminder approximately 18 months before the expiry date.

If your licence cannot be renewed, we will endeavour to give at least six years notice. We will also endeavour to give at least six years notice where the licence is likely to be renewed on different terms and will significantly impact upon the use of the licence.

In exceptional circumstances, for example where there are other overriding statutory duties such as the Habitats Regulations, it may not be possible to provide six years notice.

Charges

Unless specifically exempted, we may levy an annual CHARGE for water AUTHORISED to be abstracted by this licence, in accordance with our abstraction charges scheme in force at the time.

The licence may be revoked if charges are not paid.

Quantity and quality of water

You must not abstract more than the quantity specified in the licence.

Natural Resources Wales does not, by issue of this licence or otherwise, in any way guarantee that the source of supply will produce the quantity of water authorised to be abstracted by this licence, nor that the water is fit for its intended use.

The quantity of water authorised for abstraction is given in cubic metres. One cubic metre is approximately 220 gallons.

(The precise conversion is 1 cubic metres = 219.969 gallons).

Source of supply and authorised point of abstraction

You may abstract from the point(s) specified in the licence and from no other points. If you want to add or change the authorised point(s) of abstraction, you must apply to us to vary the licence.

Land on which water is authorised to be used

Where this condition applies, you may only use the water you abstract on the area specified in the licence. You must apply to us to vary the licence if you wish to extend or alter this area or remove it.

Purpose for which water is authorised to be used

You may only use the water for the purpose(s) specified in the licence. You must apply to us to vary the licence if you wish to add to or change the purpose(s).

Offences

Under the Water Resources Act 1991 it is an offence:-

- to abstract water, or cause or permit any other person to abstract water, unless the abstraction is authorised by and in accordance with an abstraction licence, or is subject to an exemption;
- to do anything to enable abstraction, or to increase abstraction, except in accordance with an abstraction licence or exemption;
- to fail to comply with the conditions of an abstraction licence.
Note in particular that it may be a condition of the licence to maintain the meter or other measuring device etc. and failure to do so will be an offence;
- to interfere with a meter or other device which measures quantities of water abstracted so as to prevent it from measuring correctly;
- to fail to provide information which we have reasonably required for the purpose of carrying out any of the Natural Resources Wales water resources functions;
- to knowingly make false statements for the purpose of obtaining a licence or consent or in giving required information.

The requirement for a licence is subject to some exemptions, set out in the Water Resources Act 1991 as amended. If in any doubt as to whether you need a licence, contact us at the address shown at the bottom of the front page of the licence.

Right of appeal

If you are dissatisfied with our decision on your licence application, you may appeal.

If you are in England, you should write to the Secretary of State for the Environment, Food and Rural Affairs, care of The Planning Inspectorate at: Room 4/19 Eagle Wing, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN.

If you are in Wales, you should write to Welsh Government care of The Planning Inspectorate at: Crown Buildings, Cathays Park, Cardiff, CF10 3NQ.

You must serve notice of appeal within 28 days of the date of receipt of this licence (although the Secretary of State and The Welsh Government have power to allow a longer period for serving notice of appeal). See Water Resources Act 1991, section 43.

Disclosure of information

Information about this licence is available in the public Register held by Natural Resources Wales. Members of the public are also entitled to ask us for other “environmental information” it holds, including any activities likely to affect “the state of any water” or any “activities or other measures designed to protect it”. That would include the information additional to the licence document e.g. any related agreement or abstraction returns. In certain restricted circumstances it is possible to claim that information should be kept confidential. If you require more information about keeping this information off the public register because it is confidential, please contact us by writing to the address shown on the front page of the licence within 28 days of receiving this licence.

FULL LICENCE TO ABSTRACT WATER

The Natural Resources Body for Wales (hereafter referred to as “NRW”) grants this licence to:-

JONATHAN MORGAN (“the Licence Holder”)
Mead Lodge,
Burton,
Milford Haven,
Pembrokeshire.
SA73 1NS

This licence authorises the Licence Holder to abstract water from the source of supply described in the Schedule of Conditions to this licence and subject to the provisions of that Schedule. The licence commences from the effective date shown below and shall remain in force until the date of expiry shown below.

Signed:

Ashley Lansdown
Permitting Team Leader
Permitting Service
Natural Resources Wales
Welsh Government Offices
Cathays Park
King Edward VII Avenue
Cardiff
CF10 3NQ

Date of issue.....08 September 2025

Date effective.....01 April 2025

Date of expiry.....31 March 2037

Date of original issue:.....06 August 2004

This licence should be kept safe and its existence disclosed on any sale of the property to which it relates. Please read the ‘important notes’ on the cover to this licence.

Note: References to “the map” are to the map which forms part of this licence.
References to “NRW” are to the Natural Resources Body for Wales or any successor body.

SCHEDULE OF CONDITIONS

1. SOURCE OF SUPPLY

- 1.1 Inland water (reservoirs) known as Reservoirs "D" and "E" constructed on line of unnamed tributary of Westfield Pill at Mead Lodge, Burton, Milford Haven

2. POINTS OF ABSTRACTION

- 2.1 At National Grid References SM 96700 07690 and SM 96800 07640 marked respectively "Point D" and "Point E" on the map.

3. MEANS OF ABSTRACTION

- 3.1 On-line reservoir with controlled outlet.

4. PURPOSE OF ABSTRACTION

- 4.1 Filling reservoirs for subsequent spray irrigation

5. PERIOD OF ABSTRACTION

- 5.1 From 1 November to 31 March inclusive, for subsequent spray irrigation during the period 1 April to 31 October inclusive.

6. MAXIMUM QUANTITIES OF WATER TO BE ABSTRACTED

- 6.1 4,000 cubic metres per year

Note: A year means the 5 month period from 1 November to 31 March.

7. MEANS OF MEASUREMENT OF WATER ABSTRACTED

- 7.1 (i) No abstraction shall take place unless the Licence Holder has installed a meter to measure quantities of water abstracted.
- (ii) The Licence Holder shall position and install the meter in accordance with any written directions given by NRW.
- (iii) The Licence Holder shall maintain, repair or replace the meter to ensure that accurate measurements are recorded at all times.
- (iv) The Licence Holder shall keep all records of meter repair or replacement including evidence of current certification for a period of 6 years.

8. RECORDS

- 8.1 The Licence Holder shall take and record readings of the meter specified in condition 7.1 at the same time each month during the period 1 April to 31 October inclusive or as otherwise approved in writing by NRW. This volume will be assumed to equate to the volume abstracted from the unnamed tributary of

Westfield Pill to the reservoir during subsequent refilling of the reservoir during the period of abstraction specified in condition 5.1.

8.2 Each record shall be kept and be made available during all reasonable hours for inspection by the Body for at least 6 years.

9. FURTHER CONDITIONS

9.1 (i) From 1 April to 31 October inclusive in each year, the Licence Holder shall allow all the natural flow entering the reservoirs from the un-named tributary specified in condition 1.1 to pass downstream at all times.

(ii) The Licence Holder shall install v-notch weirs at National Grid Reference SM 96632 07755 marked "Point A" on the map and at National Grid Reference SM 96843 07635 marked "Point B" on the map to control flows specified in 9.1(i) above.

(iii) No abstraction shall take place unless the Licence Holder has provided and installed v-notch weirs, as specified in 9.1 (ii) above to British Standard 3680.

(iv) The Licence Holder shall maintain, repair or replace the v-notch weirs to ensure that flows are recorded at all times.

9.2 (i) From 1 November to 31 March inclusive in each year, the Licence Holder shall maintain a downstream flow of at least 50% of the available inflows (as measured at Point A) during any re-filling of the reservoirs.

(ii) From 1 November to 31 March in each year, the Licence Holder shall maintain a flow equal to or greater than 3 litres per second in excess of the flows specified in condition 9.2(i) above, at Point B.

9.3 The Licence Holder shall conduct the initial filling and any subsequent refilling of the reservoirs during the months of 1 November to 31 March inclusive in each year only, so as to minimise impacts on the ecology of the watercourse and on protected interests downstream.

ADDITIONAL INFORMATION

Note: the following information is provided for information only. It does not form part of the licence.

REASONS FOR CONDITIONS

The abstraction is required to be metered to demonstrate compliance with the terms of the licence and to provide information on actual water usage for water planning purposes.

The licence is time-limited to a date to reflect the timing of a future review of the catchment resources availability.

Conditions 9.1 and 9.2: To ensure no impact on summer flows in the unnamed tributary.

Conditions 9.2 and 9.3: To protect the environment and the interests of existing downstream protected rights

IMPORTANT NOTES

Water efficiency note

The Licence Holder should use water abstracted under the terms of this licence in an efficient manner. NRW may refer to its guidance on water efficiency (or equivalent guidance) in determining whether water is being used efficiently and may offer advice on any measures considered necessary to meet particular recommendations.

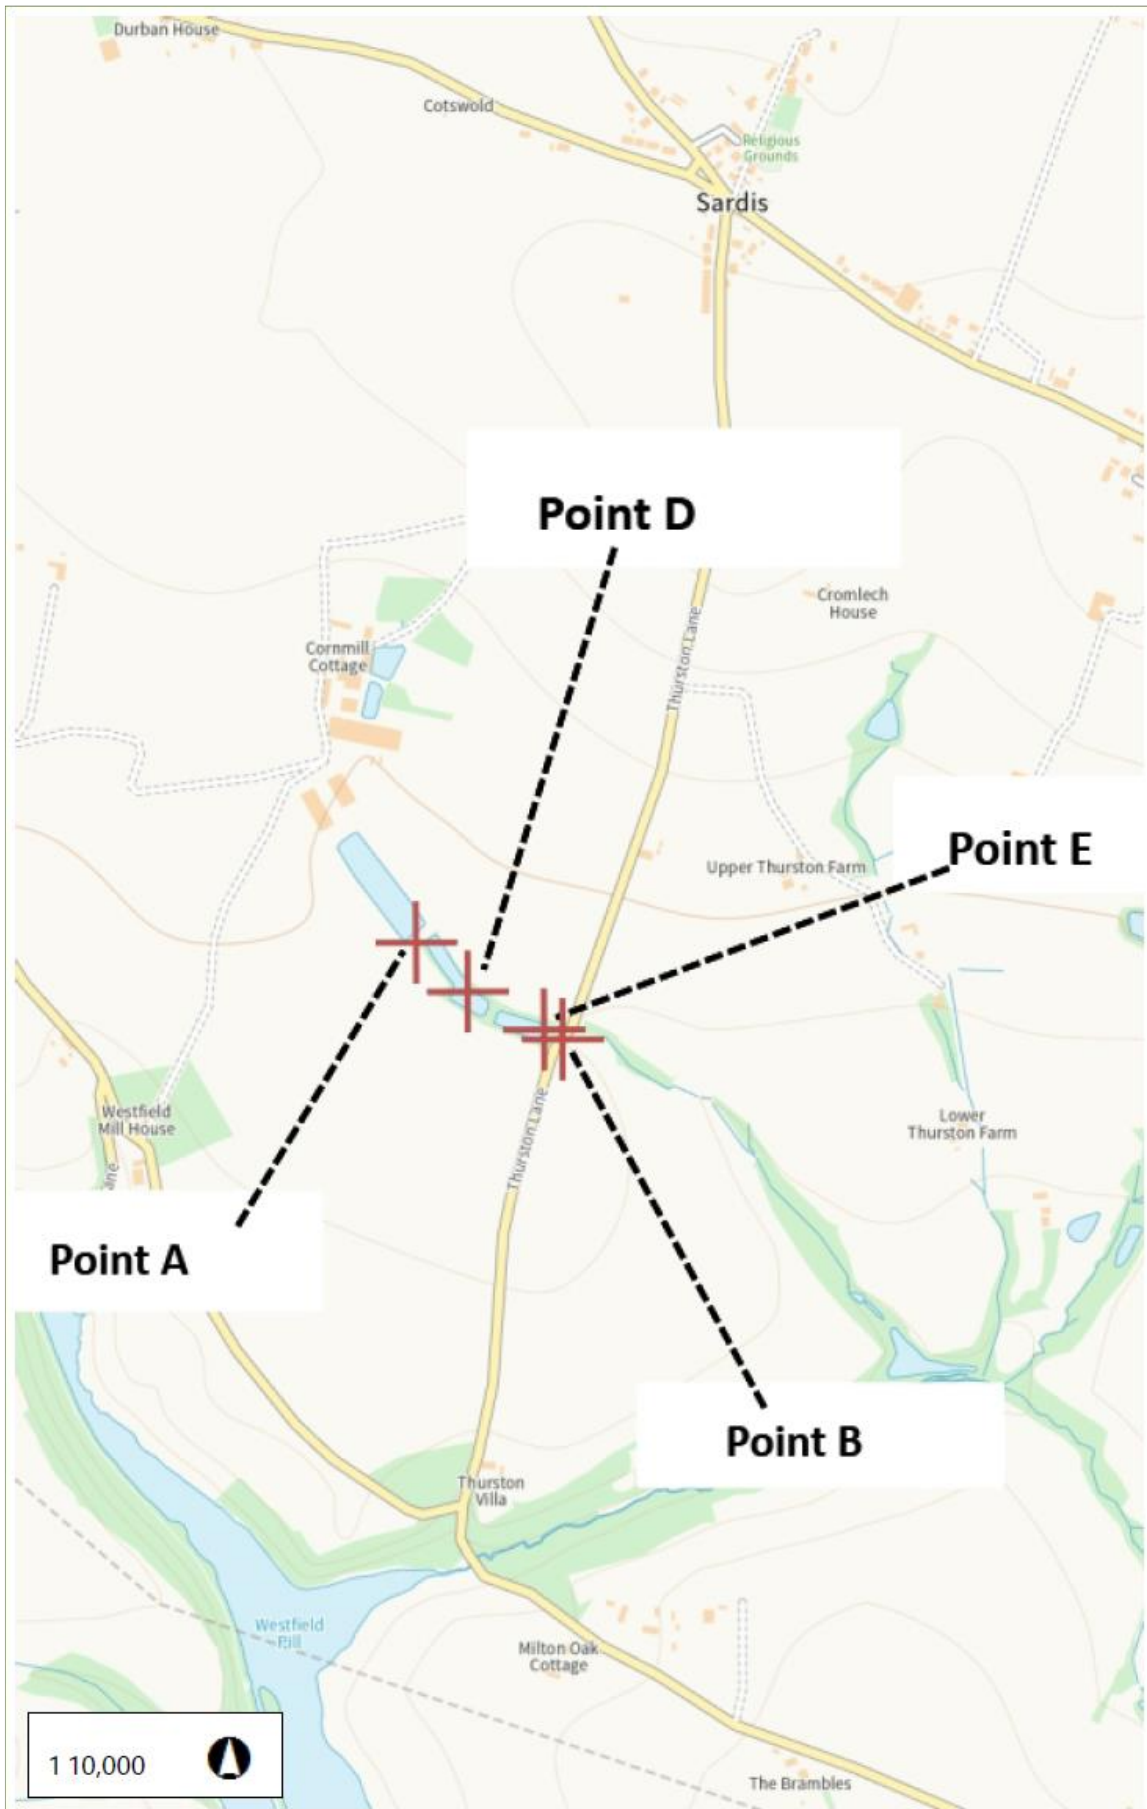

Metering

NRW will have regard to its Abstraction Metering Good Practice Manual (or equivalent guidance) in directing any of the following: where the meter should be located or how it should be installed; whether the meter measures accurately, and/or is properly maintained; whether it is necessary to require repair or replacement of the meter.

Licence history

Licence Serial Number	Issue and Effective Date	Expiry Date	Summary of Changes
22/61/5/0024	30/03/1966	Unknown	Licence of Right of issued
22/61/5/0146	06/10/1995	Unknown	22/61/5/0024 incorporated into licence 22/61/5/0146 with 22/61/5/1028. 22/61/5/0146 authorised the abstraction of 11,500 cubic metres for a total storage capacity of 20,000 cubic metres over 6 reservoirs. Land area called Great Westfield Farm.
22/61/5/0146	March 2001	Unknown	Thomas George Morgan informed the Environment Agency (the predecessor to

			Natural Resources Wales) that he had purchased some of the former Great Westfield Farm land. He was advised to apply for a new abstraction licence due to failed succession (failed to claim within 15 month time limit after purchase).
22/61/5/0194	Issue : 06/08/2004 Effective:18/08/2024	31/03/2013	Abstraction licence 22/61/5/0194 issued to Thomas George Morgan, allowing abstraction from reservoirs D and E
WA/061/0005/008	22/05/2013	31/03/2025	Renewal of licence 22/61/2/0194 under the same terms but issued to Jonathan Morgan (son).
