Dear Sir/Madam

**RE: WATER RESOURCES ACT 1991 SECTION 88 SCHEDULE 10 (AS AMENDED
BY THE ENVIRONMENT ACT 1995)
MODIFICATION OF CONSENT TO DISCHARGE**

Further to our recent correspondence concerning the consent to discharge trade effluent from J E Lawrence & Sons (Fuel Oil Distributors to Un-named Tributary of Cartlett Brook, I enclose the Agency's formal notice of the modifications made to the conditions of the consent.

Under the present Scheme of Charges for Discharges to Controlled Waters an annual charge will be made for all consents to discharge, except where the discharge is of sewage effluent of five cubic metres or less per day. This charge is based on information derived from the conditions attached to the consent to discharge, as outlined in the enclosed leaflet. A change in conditions may therefore result in a change in annual charge, you may therefore receive a revised bill in due course.

If you are not satisfied with the new conditions of the consent you may appeal against the decision to the Secretary of State for Wales at the Welsh Office, Cathays Park, Cardiff CF1 3NQ.

Please take careful note that if the holder of the consent changes, you must inform the Agency IN WRITING as soon as possible of the name of the new holder. This is to ensure that the rights and charges associated with the Consent are transferred to the holder. A Certificate of Holder notice will be sent to you shortly which is designed for this purpose, and should be kept safely with the Consent until required.

Yours faithfully

D B L MATHIAS
