**NRW Lead Officer:** Emily Roe01.

**Report sent to:** CARS Mailbox, CARS Mailbox, on 15/09/2025.

### 1. Summary of our findings (full details in section 4)

| Part of licenced activity assessed (criteria)                                   | Assessment result | Licence condition |
|---------------------------------------------------------------------------------|-------------------|-------------------|
| WR-A1 - Water Abstraction - Abstraction specified by licence - Source of supply | Assessed (A)      |                   |

Result types are explained in more detail in the 'Important Information' section below.

### 2. What action is required?

No action required.

### 3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution or civil sanctions being imposed depending on the circumstances of the offence.

**At this time, we do not intend to take any further action.**

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

### 4. Details of our assessment

Audit due for permit number WA/058/0044/0003 Valleywood Pencoed. This permit allows an abstraction for the purpose of filling a storage tank for subsequent sewer flushing.

After contacting the site operative from DCWW for this site to arrange an audit visit. It was communicated that the abstraction has not been used for several years and is not operational at the moment. So a site visit was not conducted.

To prevent any current operation, the fuses for the pumps have been removed and the

power supply has been switched off.

**Breaches of permit condition:**

Not assessed.

**Action required by dates specified:**

N/A

**Other advisory comments:**

- Consider revocation of the license if no longer required.
- Please notify us if the site becomes operational again.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

## Important information

### Legal status of this report

Your licence is issued to you under the Water Resources Act 1991 as amended by the Water Act 2003. You have a responsibility to comply with the conditions of your licence and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

### Assessment results and non-compliance categories (used in section 1):

| Assessment result | Description                                                       |
|-------------------|-------------------------------------------------------------------|
| Assessed (A)      | Assessed or assessed in part, no evidence of non-compliance found |
| Action only (X)   | Action only relating to the activity assessment                   |
| Ongoing (O)       | Ongoing non-compliance, not scored                                |

| Non-compliance category    | Description                                                                                                                 |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| C1 Major                   | Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property |
| C2 Significant             | Potential to have a significant impact or effect on the environment, people and/or property                                 |
| C3 Minor                   | Potential to have a minor or minimal impact or effect on the environment, people and/or property                            |
| C4 No environmental impact | Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property       |

### If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend non-compliance for up to six months to allow time for remedial action to be taken. These will be re-instated if the action is not completed.
