4. Details of our assessment

CARS form generated following site visit to Llawr Betws Ltd Caravan Park on the 16/09/25.

The Environmental officer from Meirionnydd and Dwyfor team met with owners of the Llawr Betws Ltd.

During the site visit, the owners provided a comprehensive overview of the foul waste management system in place since they assumed ownership approximately 11 years ago.

They explained that a company named RW & ME Peacocks was responsible for installing the current wastewater treatment plant. The treated effluent is discharged via a perforated

pipe into the Nant y Gangen watercourse at grid reference SJ 01754 42384.

Following inspection and discussion, **no issues of non-compliance** were identified during the visit. The site appears to be operating in accordance with permit conditions.

Thank you to the site owners for their cooperation and for providing detailed information during the assessment.

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.
