### 4. Details of our assessment

**26/08/25**

Site visit:

An inspection of Taff Merthyr Colliery and Minewater Remediation Scheme was carried out for to check compliance with permits AN0319501 (discharge 1, Upper) and AN0350601 (discharge 2, lower), and water resources abstraction licence WA0570021001. During the visit, the weather was mild and dry.

Environment officers from Natural Resources Wales (NRW) were accompanied by the operational manager for the site from the Mining Remediation Authority (MRA).

During the site walkover, the MRA explained that some of the reedbeds had been replaced in the last 18-24 months, in line with their maintenance schedule.

Both of the discharge locations were flowing at the time of visit. The outfalls were clear, and had bar screens installed.

**Actions:**

Monitoring records were requested during the site visit, and again via email on the 08/09/25.

Please submit annual monitoring report by 15/10/25.

## Important information

### Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

### Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property

### If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend non-compliance for up to six months to allow time for remedial action to be taken. These will be re-instated if the action is not completed.
