

Apply to discharge condition(s) and/or monitoring approvals required by your marine licence

Who is completing this form?

Indicate who is completing this form

Licence holder

Your project

What is the name of your project?

Hynet Carbon Dioxide Transportation and Storage Project – Liverpool Bay

Give us your marine licence reference number (this can be found on the front of your marine licence):

CML2365

Licence holder details

Please complete the licence holder details

First name: Alistair David
Last name: Billington
Position in company: Environmental Coordinator
Company or trading name: Liverpool Bay CCS Ltd
Telephone number: 07554008227
Email: alistair.billington@external.eni.com

Agent details:

Does the licence holder wish to be included in all correspondence?

Yes

List the condition(s) of your marine licence

List the condition(s) of your marine licence that you are looking to discharge, including any monitoring reports. Please include the condition number and condition text.

3.18 Time Restrictions

3.18.1 The Licence Holder must ensure that Licenced Activity 1 (cable laying and protection), Licenced Activity 2 (pipeline spool laying and protection), and Licenced Activity 3 (clearance of UXO) do not take place between 01 November and 31 March inclusive, without prior written approval from the Licensing Authority.

3.19 Cable Specification and Installation Plan (CSIP)

3.19.1 The Licence Holder must submit a CSIP to the Licensing Authority for written approval at least 4 months prior to commencement of Licensed Activity 1 (cable installation and protection). No Licensed Activities relating to Licensed Activity 1 may be undertaken prior to written agreement from the Licensing Authority. The CSIP must include the following information unless otherwise approved by the Licensing Authority (parameter envelopes should be provided if necessary):

- (i) Technical specifications;
- (ii) Location, including outlines of cable crossings, burial, and surface laid sections;
- (iii) Timings, including duration of works;
- (iv) Burial risk assessment to ascertain burial depths and cable laying techniques including cable protection. The assessment should identify any cable protection that exceeds 5% of navigable depth referenced to chart datum. In the event that any area of cable protection exceeding 5% of navigable depth is identified, the details of any steps to be taken to ensure existing and future safe navigation is not compromised, should be presented;
- (v) Proposed locations, types, and quantities of cable protection to be deposited;
- (vi) Installation and cable laying techniques;
- (vii) Cable crossing armouring methodology;
- (viii) Installation machinery failure contingency plan;
- (ix) Transport management plan;
- (x) Location, type, and quantity of any wet-stored cabling and/or cable protection and the proposed duration of the wet storage, and
- (xi) Proposals for monitoring offshore cables including cable protection during the operational lifetime of the authorised scheme which includes a risk based approach to the management of unburied or shallow buried cables.

3.19.2 The Licence Holder must ensure that any actions outlined in the CSIP detailed in condition 3.19.1 are implemented as approved in writing by the Licensing Authority. Any proposed changes to the actions outlined in the documents must be submitted to, and approved in writing, by the Licensing Authority prior to any changes being enacted.

3.26 Marine Mammal Management Plan (MMMP)

3.26.1 The Licence Holder must submit a MMMP which shall be in accordance with Outline MMMP (CML2365-LBA CCS Ltd_OFFSHORE ES_Appendix S MMMP_NRW_FINAL) to the Licensing Authority for written approval at least 4 months prior to commencement of the Licensed Activities. No Licensed Activities may be undertaken prior to written approval from the Licensing Authority.

3.26.2 The Licence Holder must ensure that any actions outlined in the documents detailed in condition 3.26.1 are implemented as approved in writing by the Licensing Authority. Any proposed changes to the actions outlined in the documents must be submitted to, and approved in writing by the Licensing Authority prior to any changes being enacted.

3.27 Vessel Management Plan (VMP)

3.27.1 The Licence Holder must submit a VMP to the Licensing Authority for written approval at least 4 months prior to commencement of the Licensed Activities. No Licensed Activities may be undertaken prior to written approval from the Licensing Authority.

3.27.2 The Licence Holder must ensure that any actions outlined in the documents detailed in condition 3.27.1 are implemented as approved in writing by the Licensing Authority. Any proposed changes to the actions outlined in the documents must be submitted to, and approved in writing by the Licensing Authority prior to any changes being enacted.

3.29 Navigation and Safety Plan (NSP)

3.29.1 The Licence Holder must submit a NSP to the Licensing Authority for written approval at least 4 months prior to commencement of the Licensed Activities. No Licensed Activities may be undertaken prior to written approval from the Licensing Authority.

3.29.2 The Licence Holder must ensure that any actions outlined in the documents detailed in condition 3.29.1 are implemented as approved in writing by the Licensing Authority. Any proposed changes to the actions outlined in the documents must be submitted to, and approved in writing by the Licensing Authority prior to any changes being enacted.

3.30 Lighting and Marking Plan (LMP)

3.30.1 The Licence Holder must submit a LMP to the Licensing Authority for written approval at least 4 months prior to commencement of the Licensed Activities. No Licensed Activities may be undertaken prior to written approval from the Licensing Authority.

3.30.2 The Licence Holder must ensure that any actions outlined in the documents detailed in

condition 3.30.1 are implemented as approved in writing by the Licensing Authority. Any proposed changes to the actions outlined in the documents must be submitted to, and approved in writing by the Licensing Authority prior to any changes being enacted.

3.31 Cable crossing and working agreements

3.31.1 The Licence Holder must submit Cable Crossing Agreements (CCA) with Gwynt y Môr Offshore Wind Farm Ltd. and North Hoyle Offshore Windfarm Ltd. to the Licensing Authority at least 4 months prior to commencement of the Licensed Activities. No Licensed Activities may be undertaken prior to written approval from the Licensing Authority.

3.31.2 The Licence Holder must submit Simultaneous Operations (SIMOPS) Protocols with Gwynt y Môr Offshore Wind Farm Ltd., Rhyl Flats Wind Farm Ltd., and North Hoyle Offshore Windfarm Ltd. to the Licensing Authority at least 4 months prior to commencement of the Licensed Activities. No Licensed Activities may be undertaken prior to written approval from the Licensing Authority.

3.31.3 The Licence Holder must ensure that any actions outlined in the documents detailed in condition 3.31.1 and 3.31.2 are implemented as approved in writing by the Licensing Authority. Any proposed changes to the actions outlined in the documents must be submitted to, and approved in writing by, the Licensing Authority prior to any changes being enacted.

Please provide a description of your request e.g. Construction Environment Management Plan submitted for approval prior to commencement of works/ submission of annual monitoring report for approval

The Licence Holder (Liverpool Bay CCS Limited) has submitted a WSI, and CEMP, in respect of HDD Exit Pit works on Talacre Beach, to partially discharge Condition 3.24, and Condition 3.25, respectively.

Marine Licence CML2365 also has the pre-commencement conditions 3.18 Timing Restrictions, 3.19 CSIP, 3.26 MMMP, 3.27 VMP, 3.29 NSP, 3.30 LMP, and 3.31 Cable crossing and working agreements. Liverpool Bay CCS Limited is seeking approval to proceed with the HDD Exit Pit works without discharging these pre-commencement conditions, as they are shore-based works being carried out at around the MHWS mark and do not include any cable laying activities, or the use of marine vessels. The information required to fully discharge the above conditions will be provided at a later date, along with the relevant CEMP, and WSI, prior to the commencement of the Marine Works.

List all supporting information submitted for this request

Please see the information submitted in respect of CML2365 Conditions 3.24, and 3.25 (NRW acknowledgement letter Ref: WPCC16148).

Public Register

We will normally put all the information in your submission on a public register unless NRW approve of the reasons for withholding all or part.

Do you consider any of the information provided should not be placed on the public register for reasons of being commercially sensitive or in the interest of National Security?

No

Application fee

Does your submission contain monitoring related work? This could include looking to get approval for monitoring specification prior to commencement of monitoring work, or submission of monitoring reports for approval. All requests including monitoring work packages will be charged at an hourly rate and invoiced in arrears.

No

Application fee part 2

Is your application related to a band 3 licence?

If you are unsure please review you application form or contact the Marine Licensing Team at marinelicensing@cyfoethnaturiolcymru.gov.uk (opens in new tab) – for all band 3 licences you will be charged at an hourly rate and invoiced in arrears.

Yes

Payment Details for Discharge of conditions of a Band 3 licence and/or any request associated with monitoring approval

For all Band 3 Licenses as well as conditions associated within monitoring work packages, you will be charged at an hourly rate and invoiced in arrears. Please provide your invoicing details:
