-

Application fee

Please indicate how you wish to pay your application fee. If paying by BACS, please quote the reference number created when setting up the bank transfer.

If paying by cheque, please ensure you add the six digit cheque number below.

BACS

Please add your BACS reference below

Greenway Poultry Ltd

Is this proposal as a result of a Restoring Sustainable Abstraction programme or other work remediation work, to prevent and reduce environmental damage requested by us?

No

Are you making this application as part of an agreement to trade water rights? Water rights trading is where a Licence Holder sells all or part of their abstraction licence rights, permanently or temporarily, to another person.

No

Provide details below

Simple renewal please.

Existing Licence Holder details

Provide details of the existing Licence Holder.

	Applicant	Agent
Operations (on site) contact	X	
Invoice contact	X	

Details of individual authorised to act as abstraction records (returns) contact

Specify who we should contact regarding abstraction records (returns)

Existing returns contact

Are you applying to apportion your licence? Find an explanation of apportionment on our website (opens in new tab).

No

Are you applying for a simple change (opens in new tab)?

No

Same terms renewal

Are you applying for a same terms renewal?

Yes

Use this section to show us how you have calculated the amount of water you require. This should include details of your operational regime (for example, number of hours and days you intend to abstract, number of units produced or area to be irrigated). We use this information to determine if the volumes you propose to abstract are appropriate for the purpose. Depending which industry you are in, you may need to provide additional information below.

If your water usage has been lower than your licensed volumes, you will need to provide additional information to demonstrate your continued need for the water, for example, additional justification or a Business Case.

Our water requirement is calculated in your questions below. ie drinking water for livestock and washing and domestic houses.

We have used our daily drinking water records in each chicken shed to calculate max daily consumption.

Cattle drinking requirements and domestic consumption are not recorded so are based on estimates using AI.

For agricultural use

	Livestock type	Number of animals	Maximum daily quantity of water used (cubic metres)	Comments
	Broiler chickens	165000	55	Average consumption would be much less as young chicks use much less.
	Cattle	50	1.5	-
	-	-	-	-

Provide details of any additional requirements (washing / cleaning)

Washing chicken sheds 7.5 times a year would use 1300 m3 annually
Washing vehicles, tractors and implements would use 100 m3 annually
2 domestic houses and gardens would use 200 m3 annually

Different terms renewal

Are you applying for a different terms renewal

No

Signatures: existing Licence Holder (for all changes), and proposed Licence Holder(s) for Transfers and Apportionments

Existing Licence Holder's signature

Full Name Benjamin A Williams
