4. Details of our assessment

On 6th October 2025 a routine inspection was carried out to assess compliance with your permit.

I am pleased to say, at the time of my inspection, no discharge was being made, the receiving watercourse was clear and you were compliant with permit conditions.

I did note several empty (what appeared to be) cement bags in the watercourse between the pedestrian bridge and bottom corner (discharge point). Could you please arrange to remove them as soon as possible.

If you have any queries, please do not hesitate to contact me.

Kind regards,
