Dear Malcom

Further to your email of 7<sup>th</sup> November and associated CAR\_NRW0049874 please see the attached information with regards to the clarification sought as follows:

W1A: Copies of primary Qualification documents: Attached Appendix 1 is Malcolm Hughes WAMITAB certificate up until the end of November 2024 the point at which the Digester failure occurred. The second page of Appendix 1 is the booking confirmation made now that the plant is being prepared to come back on line and restart operation. Going forward the O&M infrastructure we have put in place will ensure training and compliance records are maintained and visible for all relevant stakeholders including NRW.

W2C: Please find attached the drawings supplied by the AW Groundworks who constructed the lagoon.

The rebuild is currently a few weeks behind the originally intended schedule but as agreed we will ensure you are notified when the plant comes back on line.

As ever if there are any further questions, please do come back to us.

Kind regards  
Tom
