Dear Mr Austin

We need more information about your application

Application reference: PAN-004174

Operator: Radnorshire Wildlife Trust

Facility: Gilfach Nature Reserve, St Harmon, Rhayader, LD6 5LF

Thank you for your application received on 13/12/2018.

Unfortunately the declaration is not complete to say this is a valid application. Please make sure a relevant person completes this and send it back to us. Relevant people means each applicant, and in the case of a company, a director, manager, company secretary or any similar officer or employee. In the case of a Limited Liability Partnership (LLP), it includes any partner.

We need to ask you for some more information before we can do any more work on it. Please would you confirm the National Grid References (NGR's) for the treatment facility and the discharge point. The same locations have been provided on the application form, however this does not correspond to the site plan. We believe that the treatment facility is located at NGR SN 96475 71683 and the discharge point is located at NGR SN96479 71672, can you please confirm that you are happy to proceed with these NGR's.

If you need advice about how to complete the form, please contact your local area office. Call 0300 065 3000 and ask to speak to your local area office or your site officer.

Please reply within 10 working days from the date of this letter. If we don't hear from you we must return your application and fee.

If you email or write to us please quote the application reference PAN-004174 on any correspondence and send it to the relevant address below.

When we receive the missing items we'll continue to check the details in your application. If there's enough there for us to begin the process of deciding whether or not we can grant your application we say the application is 'duly made' and we'll let you know this by letter.
