### 2. What action is required?

No action required.

### 3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

**At this time, we do not intend to take any further action.**

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

### 4. Details of our assessment

Natural Resources Wales Officer Shaun Rees attended Gregynog Hall, Tregynon on the 20 October 2025 at 13:40 to carry out an inspection in relation to this permit number.

During the inspection i firstly inspected the treatment plant and can confirm that at the time of the inspection the plant was operational and the outlet was located in the correct location, inline with the permit.

The discharge was having no impact to the receiving watercourse, and no evidence of past impact.

I attended the site's main office and requested any maintenance records and it was explained to myself, that the employee who had been looking after the plant had retired and the position had not been filled successfully.

Due to this, the location of any kept records was not known, the most recent de-sludging record was made available and this was carried out in February 2025 by Metrorod.

CEO David Chell then arrived at site and confirmed the reason why records could not be found, but stated that these could be provided once he had spoken to the retired employee.

I thanked them for their time and left site.

I was later sent the information relating to the servicing and de-sludging of the plant.

As a result of the above, you will be happy to hear that you are fully compliant with this permit.

#### **Advisory**

Please ensure that any records required for the compliance of the permit, are readily available in a location known to more than one person.

Thank you for your time during the inspection.

*In this document 'Natural Resources Wales' means the Natural Resources Body for Wales established by Article 3 of the Natural Resources Body for Wales (Establishment) order 2012.*

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

## Important information

### Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

### Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property

### If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend non-compliance for up to six months to allow time for remedial action to be taken. These will be re-instated if the action is not completed.
