Dear Sirs,

**Environmental Permitting (England and Wales) Regulations 2016**  
**Regulation 61(1) - Environmental Permit EPR-ZP3933NJ**

Thank you for submitting, on the 21<sup>st</sup> December 2020, the information requested in schedule 1 of the Environmental Permitting Regulations 2016 Regulation 61 Notice dated the 16<sup>th</sup> November 2020.

A large amount of information has been submitted to NRW, so it will take some time to review the documents in full, but we will endeavour to do this as soon as possible and contact you if we have any queries during the review process.

Please note that the submitted Technical Rationale documents will need to be passed to the relevant teams within NRW for consideration and assessment. The use of these wastes as a raw material is currently not authorised, therefore, these will need to be assessed for technical suitability and legality.

If you have any queries, please do not hesitate to contact us.

Yours faithfully

Liane Bacon-Weekes

**In this document 'Natural Resources Wales' means the Natural Resources Body for Wales established by Article 3 of the Natural Resources Body for Wales (Establishment) Order 2012.**

**You should note that the Natural Resources Body for Wales has been formed by bringing together the Countryside Council for Wales, Forestry Commission Wales and Environment Agency Wales. The Natural Resources Body for Wales has been empowered to exercise Welsh devolved functions since 1st April 2013 and has, generally, taken over the responsibilities of the Countryside Council for Wales, the Forestry Commissioners and the Environment Agency in Wales.**
