Subject: Margam Connection; Natural Resource Wales licence application

[Information classification: Business]

Good afternoon Declan,

For the Margam project we are submitting a permit application to Natural Resource Wales (environmental regulator in Wales) to allow for the discharge of water to adjacent ditches.

As part of the permit application we are required to sign a declaration which requires a director named at Companies House to sign off. The declaration is below for reference. As this is an online form are you happy to delegate this to myself or Richard Skone as Project Director for sign off? If so please could you send a clean email to myself/Richard to confirm per the draft below.

Declaration

If you knowingly or recklessly make a statement which is false or misleading to help you get an environmental permit (for yourself or another person), you are committing an offence under the Environmental Permitting (England and Wales) Regulations 2016. I declare that the information in this application is true to the best of my knowledge and belief. I understand that this application may be refused or approval withdrawn if I give false or

incomplete information.

I understand that if I knowingly or recklessly make a false or misleading statement: I may be prosecuted; and if convicted, I may have to pay a fine and/or go to prison.

By signing below, you are confirming that you understand and agree with the declaration above.

Dear [name]

Please take this email as confirmation of authority to submit on my behalf the licence application to Natural Resource Wales for surface water discharge in relation to the Margam Connection project.

Happy to discuss or provide further clarity if required.

Kind regards

Matt Wisdom C.Env MISEP
