1 Pre-application discussions

Did you have pre-applications discussions with Natural Resources Wales about this activity?

No

What do you need to change?

Complete one

I need to change my personal or company details, or correct a mistake on the permit

Tell us about your proposed administrative change

Please give us details of the proposed administrative change in the box below.

We are requesting an administrative variation to amend the location of the permitted discharge outlet.

The outlet is being moved approximately 60 meters north along the same watercourse to the new National Grid Reference (S0 29811 15155). The new monitoring point corresponds with the new discharge location and this remains accessible.

There are no changes proposed to the nature, volume, rate or quality of the discharge. The receiving water body remain unchanged.

In line with Natural Resources Wales' published guidance, an administrative variation applies where the outlet location is changed and no new technical assessment is required. As the environmental setting and risk remain unchanged, we consider that this amendment qualifies as an administrative change.

We have attached email correspondence with NRW together with a notification document describing the revised discharge location for reference. The attached document outlines that the current permit covers the whole site inclusive of the Phase 2 works and outlines that the changes made are purely for logistical purposes. All treatment systems and discharge rates remain unchanged.

Declaration

A relevant person should make the declaration. You must be a relevant person or have the authority of a relevant person to sign this application on their behalf. An agent acting on behalf of an applicant is NOT a relevant person.

Each individual (or individual trustee) who is applying for their name to appear on the permit must complete this declaration. You can send a separate document with the relevant information if there are not enough spaces to sign below.

Relevant people means each applicant, and in the case of a company, a director, manager, company secretary or any similar officer or employee listed on current appointments in Companies House. In the case of a Limited Liability Partnership (LLP), it includes any partner. If the permit holder is an organisation of individuals, each individual (or individual trustee) must complete the declaration.

To simplify and speed up the application process, we recommend that the declaration is filled in by an officer of a company or one of the partners in a Limited Liability Partnership (LLP).

If you wish a manager, employee or consultant etc. to sign the declaration on behalf of a relevant person, we will need written confirmation from a relevant person; that is, an officer of the company, a partner in the LLP or the individual, confirming that the person has the authority to fill in the declaration.

If you are joint permit holders, you should each fill in your own declaration. We have provided extra spaces for this below. Please upload a separate sheet with your application if you need more room for signatories.

Where the operator is the subject of any insolvency procedure, the declaration must be filled in by the official receiver/appointed insolvency practitioner.

I have included written confirmation from a relevant person to confirm I can sign on their behalf
