4. Details of our assessment

CARS form generated following site visit on 04/12/2025 to inspect VIP tunneling project for Hochtief Construction Ltd at the Cilfor site in Llandecwyn.

Environmental Officer from Natural Resources Wales was escorted around the site by Hochtiefs Environmental manager.

We inspected the site. Looking at the treatment plant they have there, the watercourse that runs nearby, groundwater that runs through the site and the works that are currently underway as part of the tunneling operation.

Following this we followed the overland pipes to the sites discharge point. Stream and Discharge both running clear.

Site is operating in line with permit and no evidence of non compliance was observed.

Thank you for co-operation during the visit.
