4. Details of our assessment

Site Visit Report

On the 18/11/2025, NRW officers visited Hafod Quarry, Abercarn to undertake routine

water quality sampling (Permit no. AN0235601).

During this visit a breach of emissions limits was recorded for suspended solids. Please see details and actions below.

Breaches of permit conditions

CATEGORY 4 BREACH – Emissions Limits: Permit Condition 3.1.1

There shall be no point source emissions to water except from the sources and emission points listed in schedule 3.

Justification – The concentration of suspended solids during this routine sampling was measured at 92.5mg/l, an exceedance within 20% of the numerical limit. As a result a Category 4 breach is justified.

Actions required by date specified

1. Improve operations to bring the discharge into compliance with permitted limits
2. Produce a report on why the system is not meeting limits of the permit

The deadline for the above actions is **04/01/2025**.

If we do not receive the information requested within specified deadline and have not been informed as to why there is a delay then we may serve a Regulation 60 Notice requiring the information under Environmental Permitting (England and Wales) Regulations 2016.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property

If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend non-compliance for up to six months to allow time for remedial action to be taken. These will be re-instated if the action is not completed.
