**At this time, we do not intend to take any further action.**

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

### 4. Details of our assessment

The purpose of report is to assess and record compliance with the Emissions to Water

conditions relating to Event Duration Monitoring. Thank you for notifying us of an exceedance

On the 28th November 2025 you sent to us a Trigger Exceedance Notification (TEN) for Llanelli Wastewater Treatment Works . The TEN informed us that, on the 5th November 2025 the number of spills had exceeded the limit of 26 block counted spills within the Shellfish Season and that 33 had occurred at that time.

Action- You now need to ensure that you comply with Condition 3.1.2 (a) i) within 3 months of the trigger breach, submit an initial report to Natural Resources Wales for approval, with reference to the Best Practice Guidance in Schedule 4 Table 4.2, and, where appropriate proposals, including timeframes, for a full investigation into the operation of the overflow including a timetable for the investigation. The due date for this action is the 5th February 2026, which is 3 months from the date of the trigger exceedance.

NRW have issued CAR forms in relation to breaches of compliance with Spill Frequency conditions in 2023 (CAR\_NRW0042694) and 2024 (CAR\_NRW0044137).

## Important information

### Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm to the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

### Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property

### If your assessment result in Section 1 is suspended, what does this mean?

In line with our guidance, we may suspend non-compliance for up to six months to allow time for remedial action to be taken. These will be re-instated if the action is not completed.
