Dear Tim,

I was forwarded your email, by our enquiries team, regarding the Bangor Uni/RSS Discovery SeaSTORE work. Many thanks for provision of detailed information and I can confirm that we have no objections to the work on the basis of any impact to marine archaeological remains.

There is always some potential, albeit limited, for encountering previously unknown archaeological remains. As such, I have attached a Protocol for Archaeological Discoveries which can offer guidance in such an event. I'm can be the point of contact for this, if needed. Likewise, any further queries, please contact me directly.

Yours
