Dear Steve Meek,

**We need more information about your application**

**Application reference: PAN-004971**

**Operator: Oscar Mayer Limited (trading as Rowan Foods Limited)**

**Facility: Rowan Foods Limited, Ash road south, Wrexham Industrial Estate, Wrexham, LL13 9UG**

Thank you for your application received on 11<sup>th</sup> March 2019.

I need to ask you for some more details before I can consider duly making your application. The information required is summarised below:

**Increase in site boundary**

Please clarify if the site permit boundary will be extending as part of the variation to the permit?

In form Part C2 question 5b you have checked 'No' when asked if extra land needs to be included in the permit for the variation. However, the permit boundary in EPR-WP3534GX is different to the site plan submitted as part of this variation.

If you are increasing the permit boundary this change will involve more work than we can do as an Minor technical variation. We would charge you for a normal variation. Please send a cheque for £2995 (Normal variation £4275 - £1280 already paid for Minor technical variation) made payable to 'Natural Resources Wales' or contact me to arrange to pay by credit/debit card.

We would also require a site condition report for the extra land.

Please reply within 10 working days from the date of this letter. If we don't hear from you we must return your application and fee.

If you email or write to us please quote the application reference PAN-004791 on any correspondence and send it to the relevant address below.

When we receive the missing items we'll continue to check the details in your application. If there's enough there for us to begin the process of deciding whether or not we can grant your application we say the application is 'duly made' and we'll let you know this by letter.

Please quote our reference if you contact us. If you have any questions please phone me on
