

Protection of habitats and ecosystems

Does the land onto which the specified waste is to be spread as part of this deployment fall within scope of the Environmental Impact Assessment (Agriculture) (Wales) Regulations 2017 as semi-natural (habitat)?

See guidance for further information.

- Yes - Please provide the screening opinion provided by Welsh Government
- No - You are required to provide details of the assessment that supports this conclusion and supply evidence to support this.

The fields are intensively farmed, receiving required nutrient applications via fertiliser / organic manures. The fields are in an arable cropping rotation, or grass that is cut for silage. Please find attached photos of fields.
