| What is the project title?                               |
| Impala Terminals Infrastructure UK Ltd Jetty Maintenance |

Briefly describe the low risk band 1 activities you will be carrying out.

For example:

Carrying out minor maintenance on a pier, including installing scaffolding, replacing bolts and decking, then removing scaffolding (construction activity example) Collecting twelve sediment samples from the sea bed (removal activity example) Depositing five marker buoys (deposit activity example) Brushing wind-blown sand back onto the beach where it came from (beach management activity example)

Maintenance of Impala Terminals Infrastructure UK Ltd's jetty located off Gelliswick Bay within the Milford Haven waterway. Maintenance works will consist of the removal of discrete patches of surface corrosion (surface preparation) from steel structures located above MHWS and their subsequent repainting. Surface preparation will be carried out by hand and/ or grit blasting from a floating barge or suspended scaffold. Painting will be carried out by hand from a floating barge or suspended scaffold.

## When do you want the licence to start?

Band 1 licences are typically issued for one year, subject to consultation.

Make sure the date you provide is on or before the day you want to start carrying out the work.

**Licence start date** 31/03/2026

## Tell us about your coordinates

We need to understand exactly where the work will happen through the coordinates you give us.

If you need to give us more than 10 coordinates, you must upload them in an Excel spreadsheet.

You can also upload a Shapefile if you have one.

Check how to give us coordinates (opens in a new tab).

Do you want to tell us about more than 10 coordinates?

No
