APPLICATION FOR A BAND 1 MARINE LICENCE

To qualify as a Band 1 application, the activity should be low potential impact, and low risk.

IMPORTANT Please read the Band 1 Guidance Document on our website before completing this application form.

Under The Marine Licensing (Application Fees) (Wales) Regulations 2017, the following activities are eligible to be considered as Band 1 activities:

- (a) repair or replacement of bolts, flaps valves, decking on a pier or pontoon
- (b) removal of marine growth and guano from any building or structure or any part thereof
- (c) the installation of ladders at any building or structure
- (d) the deposit and subsequent removal of posts for the purposes of marking channels, shallow water areas, outfalls and groynes;
- (e) the deposit and subsequent removal of marker buoys
- (f) removal of discrete pieces of debris associated with construction; demolition, damage or disrepair of a building or structure using vehicles or vessel
- (g) The removal of litter using a vehicle or vessel.
- (h) any activity of a similar minor nature.

The specific activities listed in the regulations (a-g above) will always be classed as eligible for Band 1 licence application. However, granting of such a licence is not automatic. NRW Permitting Service are still required to consider the appropriateness of the activity before determining the licence application.

In addition to the specific activities listed above, The Marine Licensing (Application Fees) (Wales) Regulations 2017 refers to 'any activity of a similar minor nature'. The suitability of other activities is dependent on the nature and scale of the activity, and the environmental sensitivity of the area in which the activity will take place. For a more comprehensive list of activities that may be considered under a **Band 1 licence application refer to the guidance note.**

Check List

Please read the Guidance Note carefully before completing the application form.

Please ensure that you have included all the necessary information before you submit the application.

Item	Yes/No
Is the activity an Eligible Band 1 Activity?	
Is the activity within a designated site?	
Is the proposed activity boreholes, replacement piles or beach management?	
Is the proposal within a sensitive area?	
Has a method statement been provided (use guidance to determine whether a method statement is required)	
Have the relevant bodies (as detailed in the guidance) been consulted? All correspondence to be submitted as part of the application.	
The applicant is a legal entity?	
The declaration is signed by the applicant?	
Is the application fee of £600 correct?	
Are the grid references/coordinates correct?	
Has any pre application correspondence been submitted?	

- Please submit applications to the **Permit Receipt Centre** via the details at the top of this form
- Please submit marine licence applications, including this form and all supporting documents, **at least 2 months before the licence is required.**
- Applications for Band 1 activities will go through a shortened and simplified process, compared to applications in the other bands. For applications which meet the Band 1 criteria, the usual consultation stage is replaced with standard conditions.
- Although the licensing process for Band 1 activities is shorter and more streamlined, an application for a Band 1 activity is not granted automatically; NRW permitting service will assess the suitability of the project to determine that all criteria are met.
- Band 1 licence applications are charged at £600 per application, and are intended to be used for low impact activities (see [Eligible Activities](#)). Band 1 applications do not need to be advertised in a local newspaper.

Please note applications will not be processed without the correct relevant fee or invoicing details.

- Payments can be made via Cheque, BACS or credit/debit card.

- Cheques should be crossed and made payable to **Natural Resources Wales**.
- For BACS payments ensure you provide the reference number (not remittance number)
- For credit/debit card payments please complete the CC1 form and submit with the application. The CC1 form can be found on our web pages

Further information on payment methods can be found on our web pages

Your application may not be considered complete and therefore not processed until key information has been submitted. Your application may be returned if you fail to submit outstanding information within given timescales.

- If you have any queries with regards to completing this application please contact the MLT: marinelicensing@naturalresourceswales.gov.uk

1. Project Description

1 (a). Project Name

Dragon LNG Jetty Pile painting

1 (b). Please provide a brief description of the proposed project, including location

To provide scaffold access to affected piles, erect sheeting material to contain all materials, prepare the corroded surface of the pile using grit blasting, and paint the prepared area. Location is according to the attached drawing on the Dragon LNG jetty.

2. Applicant Details

To whom the licence will be issued. This must be a legal entity such as an individual, registered company/ charity or public body.

Title Full Name

Company or Trading Name

Company Registration Number (if applicable)

Name of Contact or individual (if different)

Position in Company

Address inc. postcode (provide registered Company address if applicable)

Telephone Number

Email Address

3. Details of Agent, Contractor, Vehicles and/or Vessels used to carry out works

3(a). Agent Details

This is who we will correspond with unless otherwise informed. If no agent we will contact the applicant.

Title	-	Full Name	-
Company or Trading Name	Hertel (Altrad Services)		
Company Registration Number (if applicable)	1215183		
Name of Contact or individual (if different)	Adrian Hutchings		
Position in Company	Commercial Manager		
Address (Inc. postcode)	Altrad Services, Pembroke Office. Warrior Way Waterloo Industrial Estate, Pembroke Dock. SA72 6YB		
Telephone Number	07525 125232		
Email Address	Adrian.hutchings@altrad.com		

3(b). Does the Applicant wish to be included in all correspondence? Yes ☒ No ☐

3(d). Will the works require the use of vessels? Yes ☒ No ☐

A safety boat will be required during scaffold erect / dismantle

3(e). Will the works require the use of vehicle? Yes ☒ No ☐

Access via Dragon LNG jetty for material drop off / waste collection

4. Licensable Period

Determination of applications will be based on the works taking place during these dates. Please ensure you have included an **adequate contingency period**. If works are not completed by the Requested Licence Expiry Date you may be required to submit a new application. Including a contingency period within your original application does not impact on Licence Fee

Start Date 1/5/19

Requested Licence Expiry Date 31/12/19

Please ensure you submit your application for a Marine Licence **at least 2 months** prior to the intended start date.

5. Location

Please detail the location of the proposed project.

This should be either Ordnance Survey National Grid Reference (i.e. SN 12345 67890) or Latitude and Longitude in decimal degrees to 4 decimal places (i.e. Lat 52.1234 Long - 4.1234), defining the extent of the project. Please specify which coordinate system has been used.

Grid Reference SM 92784 04401 for Jetty – general
Work Area 1 – SM 92730 04441
Work Area 2 – SM 92818 04410
Work Area 3 – SM 92866 04417
Work Area 4 – SM 93002 04391

6. Method Statement

Please Note: If the works are within a sensitive area or one of the following activities; Boreholes, replacement piles or beach management, then a separate method statement needs to be submitted using the Band 1 Method Statement Template. If a separate method statement has been provided move to section 7.

6(a). Please give a brief method statement outlining the proposed project.

- Scaffold access to areas of corrosion on each area identified in doc.
- Sheet out scaffold to fully contain debris and prevent contamination of the environment
- Blast the pile surface to remove corrosion
- Paint the exposed surface
- Remove scaffold

Please continue on a separate sheet if necessary. Please tick if you have done this ☒

6(b). Please state the measures to be taken to:

(i) Minimise risk to the marine environment

- The scaffold access platforms will be fully sheeted and sealed to prevent any debris from entering the watercourse
- The waste will be collected and disposed of according to the Dragon LNG site waste management system

(ii) Prevent undue interference to others

- Interference with others will be minimal, due to the location requiring an exclusion zone in normal operation
- Interference otherwise will be managed on site by individual assessment

(iii) Maintain navigational safety, including marking and lighting of works

- The works are outside of the normal waterway, and within an exclusion zone.
- Safety boat works will be carried out during daylight hours only.
- Tug / pilot / 'rope runner' boats will operate close to the works however this will also be fully lit at all times during this operation.

Please continue on a separate sheet if necessary. Please tick if you have done this ☐

7. Materials of Project

7(a). Description of materials to be deposited seaward of MHWS (Please tick all that apply)

Timber	☐	Iron/Steel	☒	Concrete	☐	Biocides/other chemicals	☐
Silt	☐	Stone/Rock	☐	Gravel	☐	Plastic/Synthetics	☒
Sand	☐	Other	☐				

If other, please provide a description of materials.

Although ticked, the deposits will be contained for appropriate disposal offsite, and nothing will enter the water.

7(b). Delivery method of materials to site

If sea delivery, please include details of vessels to be used with a chart of proposed route and transshipment area. If vehicle delivery, please provide the proposed access route.

Vehicle access via Dragon LNG site and jetty.

Please continue on a separate sheet if necessary. Please tick if you have done this ☐

7(c). Will the works involve removals seaward of MHWS? Yes ☐ No ☒

7(c) (i). Description of materials to be removed seaward of MHWS (Please tick all that apply)

Timber	☐	Iron/Steel	☐	Concrete	☐	Biocides/other chemicals	☐
Silt	☐	Stone/Rock	☐	Gravel	☐	Plastic/Synthetics	☐
Sand	☐	Other	☐				

7(c) (ii). Description of objects/materials to be removed seaward of MHWS

Including quantities to be removed.

8. Additional Information

8(a). The following must be provided with the completed application form:

- (i) a suitably scaled extract of an Ordnance Survey Map or Admiralty Chart with location of project, complete with **North Arrow** and **Scale**
- (ii) if applicable, any construction plans and sectional drawings showing those proposed works below/seaward of MHWS, which should give details of the materials to be used (for beach replenishment the quantity, particle size and source of material to be deposited and deposit location is also required).
- (iii) Details of correspondence with MCA, Trinity House or The Crown Estate
- (iv) Any pre application advice/correspondence with NRW

Please list below **all supporting documents** that have been submitted with this application.

1. Workscope and location plan
2. NRW format Method Statement
3. Scaffolding RAMS
4. Blast/Paint RAMS
5. OS map x 2
6. MCA email
7. Payment form

9. Statutory Powers

9(a). Does the applicant have statutory powers to consent any aspect of the project?
e.g. coast protection authority, dredging powers, statutory undertakers Yes ☐ No ☒

9(a)(i). If Yes, please give details and state the relevant legislation that gives these powers

10. Public Register

Under The Marine Licensing (Register of Licensing Information)(Wales) Regulations 2011 and the Environmental Impact Assessment Directive (Directive 85/337/EEC – as amended) , all information contained within or provided in support of this application will be placed on the Public Register unless NRW approve of the applicant's reasons for withholding all or part.

15. Is there any information contained within or provided in support of this application that you consider should NOT be included on the Public Register on the grounds that its disclosure:

15(a). Would be contrary to the interest of National Security? Yes ☒ No ☐

15(b). Would prejudice to an unreasonable degree you, or some other person's commercial interest of those of a third party? Yes ☐ No ☒

If **Yes** to either (a) or (b), please provide full justification as to why all or part of the information you have provided should be withheld

Although adequately secure, the mention of erecting scaffold around the piles could indicate additional access points onto the Dragon LNG site.

11. Application Fee

Band 1

Projects are charged at a fixed fee of **£600**. The application will not be processed until the correct fee has been provided.

Please provide the method of payment

Method	Yes (✓)	Reference Number
Cheque		
BACS (not remittance no.)		
World Pay (phone or CC1)	✓	

Please attach **CC1 Form** with application. Can be found on our web pages

12. Declaration

I declare that to the best of my knowledge and belief that the information given in this application form and supporting documentation is true.

WARNING: It is an offence under the Marine and Coastal Access Act 2009, under which this application is made, to fail to disclose information or to provide false or misleading information and can invalidate any licence granted.
