

Table of figures

Figure 1: EMD3 - Prepare, inspect and paint 5 off piles	3
Figure 2: EMD3 - Prepare, inspect and paint 5 off piles	4
Figure 3: Cross bracing at Jetty head - Prepare, inspect and paint bracing and clamps	4
Figure 4: Cross bracing at Jetty head - Prepare, inspect and paint bracing and clamps	5
Figure 5: Support bracing - Prepare, inspect and paint bracing/support	5
Figure 6: EMD4 - Cross bracing	6
Figure 7: EMD4 - Prepare, inspect and paint 5 off piles, bracing and clamp	6
Figure 8: EMD6 underside - Prepare, inspect and paint central pile	7
Figure 9: EMD6 - Prepare, inspect and paint central pile and bracing/clamp	7
Figure 10: EMD6 Sea Shield damage - Remove, inspect and renew	8
Figure 11: EMD6 Sea Shield damage - Remove, inspect and renew	8
Figure 12: Location drawing	9

Work Area 1 - EMD3

Figure 1: EMD3 - Prepare, inspect and paint 5 off piles

Figure 2: EMD3 - Prepare, inspect and paint 5 off piles

Work Area 2 - Cross Bracing Jetty Head

Figure 3: Cross bracing at Jetty head - Prepare, inspect and paint bracing and clamps

Figure 4: Cross bracing at Jetty head - Prepare, inspect and paint bracing and clamps

Figure 5: Support bracing - Prepare, inspect and paint bracing/support

Work Area 3 - EMD4

Figure 6: EMD4 - Cross bracing

Figure 7: EMD4 - Prepare, inspect and paint 5 off piles, bracing and clamp

Work Area 4 - EMD6

Figure 8: EMD6 underside - Prepare, inspect and paint central pile

Figure 9: EMD6 - Prepare, inspect and paint central pile and bracing/clamp

Figure 10: EMD6 Sea Shield damage - Remove, inspect and renew

Figure 11: EMD6 Sea Shield damage - Remove, inspect and renew

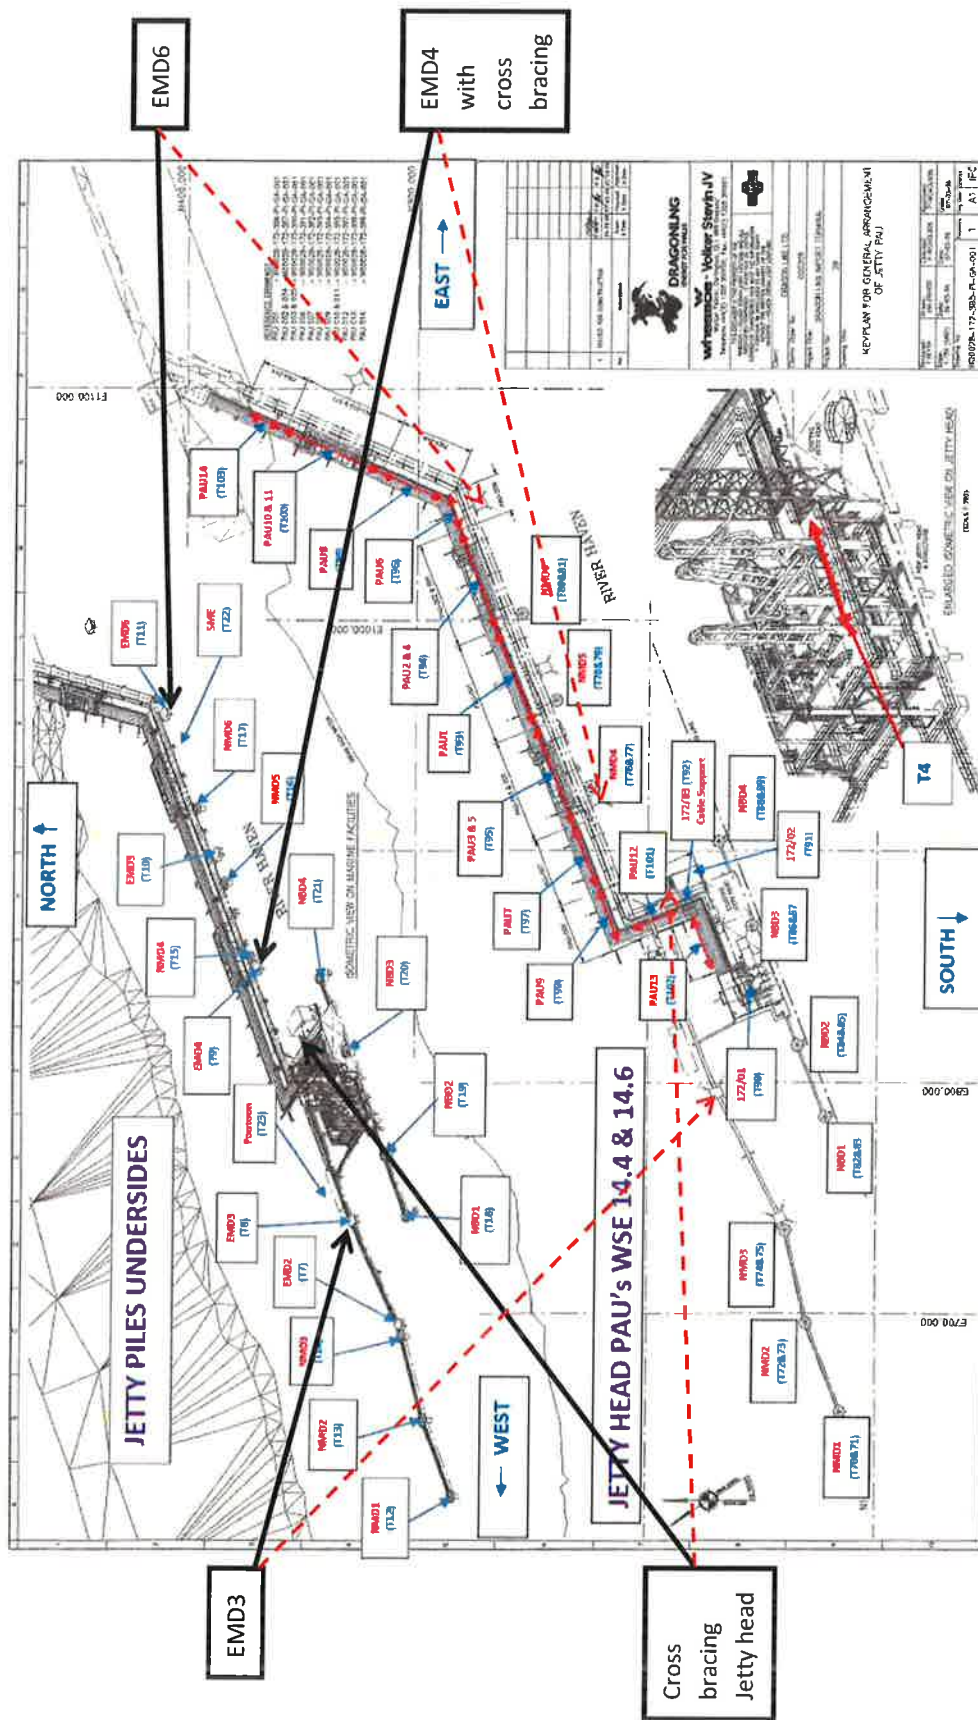

Figure 12: Location drawing
