

Apply to renew or change an abstraction or impoundment licence

1. Type of variation/renewal

1. Indicate the change(s) you wish to make to your licence(s) here.

- Extension of a self-destruct clause
- Changes to recording and reporting conditions
- Same terms renewal (where no environmental or other concerns have been raised in your renewal reminder letter)
- Different terms renewal (Where the change is a reduction. Meaning a reduction in volumes or removal of a point/purpose and associated volumes)
- Apportion (split) a licence

2. The licence(s) you want to change/renew

2. Provide the licence serial number(s) which the proposed change/renewal relates to

WA/056 10035 1005

3. Upload a document with any additional licence numbers here.
(Spreadsheet file formats need to be: .xls, .xlsx, or .ods)

3. Application fee

4. Please indicate how you wish to pay your application fee. If paying by BACS, please quote the reference number created when setting up the bank transfer.

If paying by cheque, please ensure you add the six digit cheque number below.

- Cheque
- BACS
- Credit or debit card
- NRW internal application

5. Please add your BACS reference below

6. If paying by cheque, please add the cheque number below (usually on bottom left of cheque)

7. Is this proposal as a result of a Restoring Sustainable Abstraction programme or other work remediation work, to prevent and reduce environmental damage requested by us?

- Yes
- No

4.

8. Are you making this application as part of an agreement to trade water rights? Water rights trading is where a Licence Holder sells all or part of their abstraction licence rights, permanently or temporarily, to another person.

Yes

No

5.

9. Provide details below

--

6. Existing Licence Holder details

10. Provide details of the existing Licence Holder.

Full Name

ANTHONY JOHN PRITCHARD

Company, Charity or
Trading Name

Company or Charity
Registration Number

11. Registered Address

Building and
street

PRISK FARM

Town and City

HILLSIDE, LANGATTOCK

County

Powys

Postcode

NP8 1LF

Office
Telephone
Number

Mobile
Telephone
Number

07789520535

Email Address

priskfarm@gmail.com

7. Details of individual or agent authorised to act as a point of contact

12. This is who we will correspond with unless otherwise informed. If an agent signs on behalf of an applicant, a letter of authorisation from the applicant is required

Full Name

ANTHONY JOHN PITCHARD

Company, Charity or Trading Name

Company or Charity Registration Number

13. Upload authorisation from the applicant

14. Registered Address

Building and street

Prisk Farm

Town and City

Hillside, Llangattock,

Crickhowell

County

Powys

Postcode

Email Address

priskfarm@gmail.com

15. Specify who we should contact with regard to

Applicant

Agent

Operations (on site) contact

Invoice contact

8. Details of individual authorised to act as abstraction records (returns) contact

Not necessary for temporary or transfer licence applications.

Specify who we should contact regarding abstraction records (returns)

If you change the established returns contact for your licence, the existing contact will no longer be able to submit new abstraction returns.

16. Specify who we should contact regarding abstraction records (returns)

Existing returns contact

New returns contact

17. Please provide name and address of new returns contact

Name

Email Address

23. Specify who we should contact with regard to

	Original Licence Holder	New Licence Holder
Operations (on site) contact	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Invoice contact	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Abstraction records (returns) contact	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Entitlement to apply

24. Does the proposed new Licence Holder have a legal right of access to the point of abstraction?

- Owner
- Occupier/have a right of access
- Have an expected right of access

If you are the land owner then you will need to provide a map showing the boundary of the land you own together with the proposed abstraction point(s).

If you occupy or have a right of access to the land then you will need to provide a map showing the boundary of the land you own together with the proposed abstraction point(s) and one or more of the following documents:

- a final copy of the 'Heads of Terms' agreement, and/or;
- deed of grant or lease of rights, and/or;
- a conveyance, lease, tenancy agreement or personal rights, and/or;
- a compulsory purchase order.

Expected Rights of access

you will need to provide a map showing the boundary of the land you own together with the proposed abstraction point(s) and one or more of the following documents:

- a draft copy of the 'Heads of Terms' agreement, and/or;
- copies of letters between legal advisors confirming arrangements about right of access and your exclusivity to the agreement & the abstraction point for the purpose of water abstraction.

The right of access must be for a minimum of 12 months after any licence issued would take effect or for the duration of the licence if this is less than 12 months. At formal application stage we are able to accept a draft rights of access to 'entertain' an abstraction licence application but the final right of access must be provided at least 2 weeks prior to the determination date.

11. Apportionments of quantities

26. For apportionments only, complete the below table to show how the licensed quantities will be split between multiple Licence Holders.

Licence Holder	Period of abstraction (dates / number of hours a day)	Maximum annual volume (cubic metres)	Maximum daily volume (cubic metres)	Maximum hourly volume (cubic metres)

We will not accept letters from landholders or statutory declarations as evidence of an appropriate right of access

25. Provide a map/evidence as outlined in the guidance above

12.

27. Are you applying for a simple change?

Yes

No

13. Simple Change(s)

28. Provide details of the simple change(s) you wish to make and the reasons for this change. You should state what aspect of the current licence you wish to amend in the first column, the change you propose in the second column and the reason for this change in the third column. Complete one row for each change(s) proposed.

Current licence	Change proposed	Reason for change

29. Upload any additional documents if you are applying for more than 3 changes. (Spreadsheet file formats need to be: .xls, .xlsx, or .ods)

30. If you are applying to extend a self destruct clause, please upload your evidence here.

14. Same terms renewal

31. Are you applying for a same terms renewal?

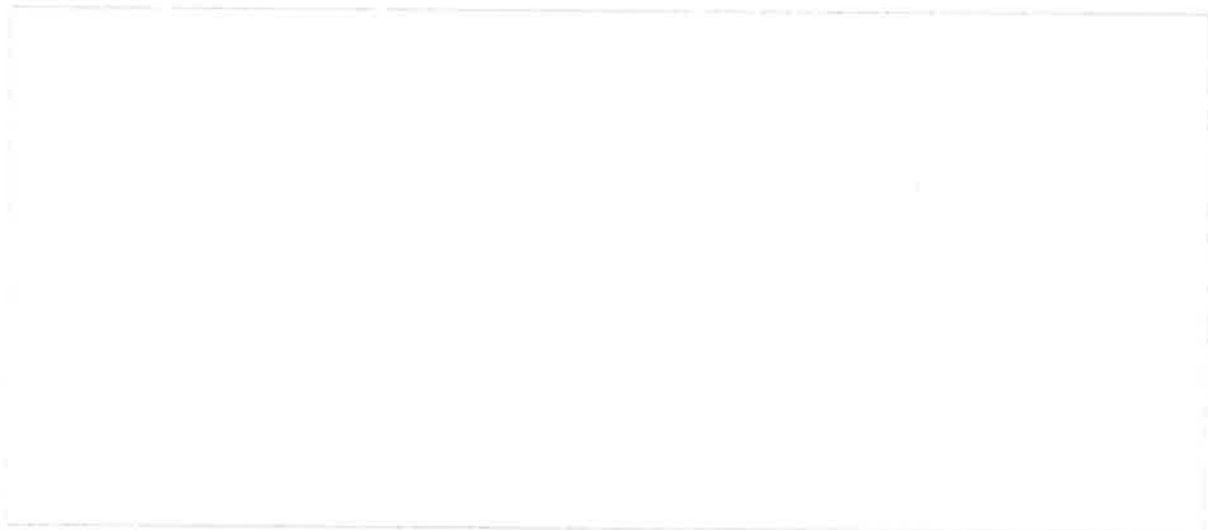

Yes

No

15.

Use this section to show us how you have calculated the amount of water you require. This should include details of your operational regime (for example, number of hours and days you intend to abstract, number of units produced or area to be irrigated). We use this information to determine if the volumes you propose to abstract are appropriate for the purpose. Depending which industry you are in, you may need to provide additional information below.

If your water usage has been lower than your licensed volumes, you will need to provide additional information to demonstrate your continued need for the water, for example, additional justification or a Business Case.

32. Additional document. (Spreadsheet file formats need to be: .xls, .xlsx, or .ods)

If your abstraction is for agricultural use, golf course irrigation, industrial use, or for a hydropower scheme, you will also need to complete the relevant table in this section. We use this information to determine if the volumes you propose to abstract are appropriate for that purpose. To do this we need to understand your demand for water and how it relates to the scale of your operation. If your intended use is not covered here, use the examples as a basis to demonstrate to us how you have calculated the amount of water you require (i.e. number of units, area etc.)

33. For agricultural use

	Maximum area to be irrigated daily (hectares)	Maximum depth of water to be applied daily (millimetres)
Tees		
Greens		
Fairways		
Others		

37. For industrial use

Industry sector or process type	Water use per unit produced (state units)	Maximum units produced per year

Hydropower

Complete these tables with the details of your hydropower scheme and flow data. See our [Hydropower flow standards](#) for more information. State the length, in metres; of the depleted reach. This is the distance between the abstraction and discharge points. You will need to submit a copy of the full flow duration curve for the site and confirm the methods used to derive this. If you have used a modelling software such as LowFlows, please provide us with a copy of the output (graph, data and catchment map) including the Long Term Average rainfall.

38.

% abstraction and zone applied for	Average gradient of depleted reach (%)	Catchment size above abstraction point (kilometres squared)	Net head between abstraction and discharge points (metres)

39.

Crop type	Soil type (for multiple soil types, indicate approximate split)	Maximum area of crop to be irrigated annually (hectares)	Maximum annual depth of irrigation to be applied (millimetres)

34. For agricultural use

Livestock type	Number of animals	Maximum daily quantity of water used (cubic metres)	Comments

35. Provide details of any additional requirements (washing / cleaning)

36. For golf course irrigation

Turbine efficiency (%)	System efficiency (%)	Maximum power output (kilowatts)	Annual capacity (kilowatt hours)

40. State the length of depleted reach (in metres)

41. Provide the flow data (in cubic metres per second) & ratios specified below:

Q95

Q10

Qmean

What is the ratio of Q95:Qmean?

What is the ratio of Q10:Qmean?

42. What low flow protection (Low flow protection is the flow rate above which abstraction can begin and is separate to the abstraction % take) do you propose to maintain in the depleted reach when the hydropower scheme is operating (in m³/s)?

43. Provide details of what measures you provide to ensure efficient use of water. This could include water storage, re-use or recirculation, monitoring and checking for leaks, undertaking water audits or other industry specific good practise.

44. If your renewal reminder letter asked for any additional information to be submitted with your application, please upload it here.

16. Different terms renewal

45. Are you applying for a different terms renewal

Yes

No

17.

46. Provide details of the change(s) you wish to make and the reasons for this change. You should state what aspect of the current licence you wish to amend in the first column, the change you propose in the second column and the reason for this change in the third column. Complete one row for each change(s) proposed.

Current licence	Change proposed	Reason for change

Use this section to show us how you have calculated the amount of water you require. This should include details of your operational regime (for example, number of hours and days you intend to abstract, number of units produced or area to be irrigated). We use this information to determine if the volumes you propose to abstract are appropriate for the purpose. Depending which industry you are in, you may need to provide additional information below.

If your water usage has been lower than your licensed volumes, you will need to provide additional information to demonstrate your continued need for the water, for example, additional justification or a Business Case.

47. Additional document. (Spreadsheet file formats need to be: .xls, .xlsx, or .ods)

If your abstraction is for agricultural use, golf course irrigation, industrial use, or for a hydropower scheme, you will also need to complete the relevant table in this section. We use this information to determine if the volumes you propose to abstract are appropriate for that purpose. To do this we need to understand your demand for water and how it relates to the scale of your operation. If your intended use is not covered here, use the examples as a basis to demonstrate to us how you have calculated the amount of water you require (i.e. number of units, area etc.)

48. For agricultural use

Livestock type	Number of animals	Maximum daily quantity of water used (cubic metres)	Comments

49. For agricultural use

Crop type	Soil type (for multiple soil types, indicate approximate split)	Maximum area of crop to be irrigated annually (hectares)	Maximum annual depth of irrigation to be applied (millimetres)

50. Provide details of any additional requirements (washing / cleaning)

51. For golf course irrigation

	Maximum area to be irrigated daily (hectares)	Maximum depth of water to be applied daily (millimetres)
Tees

Fairways		
Others		

52. For industrial use

Industry sector or process type	Water use per unit produced (state units)	Maximum units produced per year

Hydropower

Complete these tables with the details of your hydropower scheme and flow data. See our [Hydropower flow standards](#) for more information. State the length, in metres; of the depleted reach. This is the distance between the abstraction and discharge points. You will need to submit a copy of the full flow duration curve for

the site and confirm the methods used to derive this. If you have used a modelling software such as LowFlows, please provide us with a copy of the output (graph, data and catchment map) including the Long Term Average rainfall.

53.

Turbine efficiency (%)	System efficiency (%)	Maximum power output (kilowatts)	Annual capacity (kilowatt hours)
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

54.

% abstraction and zone applied for	Average gradient of depleted reach (%)	Catchment size above abstraction point (kilometres squared)	Net head between abstraction and discharge points (metres)
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

55. State the length of depleted reach (in metres)

56. Provide the flow data (in cubic metres per second) & ratios specified below:

Q95	<input type="text"/>
Q10	<input type="text"/>
Qmean	<input type="text"/>
What is the ratio of Q95:Qmean?	<input type="text"/>
What is the ratio of Q10:Qmean?	<input type="text"/>

57. What low flow protection (Low flow protection is the flow rate above which abstraction can begin and is separate to the abstraction % take) do you propose to maintain in the depleted reach when the hydropower scheme is operating (in m³/s)?

58. Provide details of what measures you provide to ensure efficient use of water. This could include water storage, re-use or recirculation, monitoring and checking for leaks, undertaking water audits or other industry specific good practise.

59. If your renewal reminder letter asked for any additional information as part of your application or if you wish to provide any additional information, please upload it here.

18. Signatures: existing Licence Holder (for all changes), and proposed Licence Holder(s) for Transfers and Apportionments

Each individual (or individual trustee) who is applying for their name to appear on the licence must complete the declaration. The table below shows the different types of licence holder and who must sign the declaration for each type.

Type of Licence Holder: Signature needed:

Individual / sole trader: The Licence Holder (If an agent is to sign on behalf of the Licence Holder, a letter of authorisation from the Licence Holder is required.)

Registered company: Company director or company secretary

Organisation of individuals (other than partnerships, trusts and charities): The chairman, treasurer, secretary or other person authorised to represent the organisation

Partnership: One or more of the partners

Trust: All trustees or the chairman, treasurer or secretary

Charity: A person authorised to sign documents on behalf of the charity

Public body (i.e. a local authority): A person authorised to sign on behalf of the organisation

60. Existing Licence Holder's signature

Full Name	ANTHONY JOHN Pritchard
Position	OWNER
Signature	A J Pritchard
Date	1 st November 2025

61. Proposed new Licence Holder's signature, if applicable

Full Name	
-----------	--

Position

Signature

Date

19. GDPR, National Security, and Commercial Confidentiality

The information provided by you will be processed by Natural Resources Wales in line with the GDPRs Data Protection Principles. This will enable us to process your application; to monitor compliance with any permit conditions; to process renewals, and to maintain the relevant public register.

We will process the information you provide in connection with the following:

- Consultation with third parties who are relevant and responsible for responding to consultation requests from us to enable us to process your application
- Carrying out statistical analysis, research and development on environmental issues
- Providing public register information for enquiries
- Preventing and investigating possible breaches of environmental law and taking any resulting action
- Responding to requests for information under the Freedom of Information Act 2000 and the Environmental Information Regulations 2004

If you have any further queries or concerns, please contact dataprotection@naturalresourceswales.gov.uk

For further information on the processing of your personal details please see our Privacy Notice page

Confidentiality and national security

We will normally put all the information in your application on a public register of environmental information. However, we may not include certain information in the public register if this is in the interests of national security, or because the information is confidential.

Confidentiality

You can ask for information to be made confidential by enclosing a letter with your application giving your reasons. If we agree with your request, we will tell you and not include the information in the public register. If we do not agree with your request, we will let you know how to appeal against our decision, or you can withdraw your application.

62. Only tick the box below if you wish to claim confidentiality for your application.

Please treat the information in my application as confidential

20.

63. Upload evidence to support your confidentiality claim

64. Please confirm you have provided evidence to support your confidentiality claim

Yes

No

21.

National security

You can tell the Welsh Ministers that you believe including information on a public register would not be in the interests of national security.

You must enclose a letter with your application telling us that you have told the Welsh Ministers and you must still include the information in your application. We will not include the information in the public register unless the Welsh Ministers decides that it should be included.

You cannot apply for national security via this application.

22.

65. Would you like a copy of your submission?

Yes

No

23.

66. Your email address

prisk/ern @ g mail , com

24. Submit your application

You completed this form, please select 'submit form' to send.
