

Apply to renew or change an abstraction or impoundment licence (WRI)

Type of variation/renewal

Indicate the change(s) you wish to make to your licence(s) here.

Same terms renewal (where no environmental or other concerns have been raised in your renewal reminder letter)

The licence(s) you want to change/renew

Provide the licence serial number(s) which the proposed change/renewal relates to

WA/056/0053/011

-

-

Application fee

Please indicate how you wish to pay your application fee. If paying by BACS, please quote the reference number created when setting up the bank transfer.

If paying by cheque, please ensure you add the six digit cheque number below.

Credit or debit card

Is this proposal as a result of a Restoring Sustainable Abstraction programme or other work remediation work, to prevent and reduce environmental damage requested by us?

No

Are you making this application as part of an agreement to trade water rights? Water rights trading is where a Licence Holder sells all or part of their abstraction licence rights, permanently or temporarily, to another person.

No

Provide details below

Water Abstraction Licence Same Terms Renewal.

Existing Licence Holder details

Provide details of the existing Licence Holder.

Full Name	Rhodri Jones
Company, Charity or Trading Name	DM and CJones
Company or Charity Registration Number	WA/056/0053/011

Registered Address

Building and street	Pentreuchaf Farm Cray
Town and City	Brecon
County	Powys
Postcode	LD3 8YS
Office Telephone Number	07342041480
Mobile Telephone Number	07342041480
Email Address	pentreuchaf@gmail.com

Details of individual or agent authorised to act as a point of contact

This is who we will correspond with unless otherwise informed. If an agent signs on behalf of an applicant, a letter of authorisation from the applicant is required

Full Name	Rhodri Jones
Company, Charity or Trading Name	D M and CJones
Company or Charity Registration Number	WA/056/0053/011

Registered Address

Building and street	Pentreuchaf farm Crai
Town and City	Brecon
County	Powys
Postcode	LD3 8YS
Office Telephone Number	07342041480
Mobile Telephone Number	07342041480
Email Address	pentreuchaf@gmail.com

Specify who we should contact with regard to

	Applicant	Agent
Operations (on site) contact	X	
Invoice contact	X	

Details of individual authorised to act as abstraction records (returns) contact

Specify who we should contact regarding abstraction records (returns)

Existing returns contact

Are you applying to apportion your licence? Find an explanation of apportionment on our website (opens in new tab).

No

Are you applying for a simple change (opens in new tab)?

No

Same terms renewal

Are you applying for a same terms renewal?

Yes

Use this section to show us how you have calculated the amount of water you require. This should include details of your operational regime (for example, number of hours and days you intend to abstract, number of units produced or area to be irrigated). We use this information to determine if the volumes you propose to abstract are appropriate for the purpose. Depending which industry you are in, you may need to provide additional information below.

If your water usage has been lower than your licensed volumes, you will need to provide additional information to demonstrate your continued need for the water, for example, additional justification or a Business Case.

The same as the past 10 years. However weather depending, for example turbine didn't run for months due to drought in Summer 2025. We have also had many issues with the turbine itself. I will submit a copy of the engineers invoice. Should you require all invoices please let us know and i will forward.

Maximum quantities of water to be extracted

- 8,208 cubic metres per day

-2,995,920 cubic metres per year.

At an instantaneous rate not exceeding 95 litres per second.

	% abstraction and zone applied for	Average gradient of depleted reach (%)	Catchment size above abstraction point (kilometres squared)	Net head between abstraction and discharge points (metres)
	70% -Zone 3.	7.2	Less than 2.	21.1

	Turbine efficiency (%)	System efficiency (%)	Maximum power output (kilowatts)	Annual capacity (kilowatt hours)
	-	66%	13	-

State the length of depleted reach (in metres)

260

Provide the flow data (in cubic metres per second) & ratios specified below:

Q95 8

Q10 -

Qmean 95

What is the ratio of Q95:Qmean? -

What is the ratio of Q10:Qmean? -

What low flow protection (Low flow protection is the flow rate above which abstraction can begin and is separate to the abstraction % take) do you propose to maintain in the depleted reach when the hydropower scheme is operating (in m³/s)?

8

Provide details of what measures you provide to ensure efficient use of water. This could include water storage, re-use or recirculation, monitoring and checking for leaks, undertaking water audits or other industry specific good practise.

Extracted water returned to water source (stream) after turbine. We monitor the system regularly. Sadly Delme Jones died on 10th May 2019 and we have attached death certificate.

If your renewal reminder letter asked for any additional information to be submitted with your application, please upload it here.
